To arizona Corporate Commission

I am writing about the 9.8 Percent increase of the Electric Bill. The Social Security gave us 1.4 Percent increase this year ?. How are we suposed to PAY almost Ten Percent increase ?. My Wife and I are old People who can not work anymore. I worked till I was 86 and am now 90 years old. In 1992 things have doubled in price since we came to arizona to Retire. Please at least give the [illegible] S.S. a break who are on S.S.

I wish to make our statement as to buying arizona public service. (NO)

Also I see no reason for a 9.8 rate Increase. More & more people are moving to arizona. So a Lot more revenue is Coming in. Your fees for Conecting + Disconecting
