To Whom It May Concern

I am writing to object to a 14 percent revenue increase. I am a senior citizen, on a very low income. My Husband is on Heart pills and other medication, I also take medication for different things. We object to the increase. Last month we were over charged 100.00 and some other dollars on our Electric Bill. We were given a deduction on the Bill because we make a complaint. Your meter reader did not read the meter right. There is only 2 of us living in the mobile home at our address. Now every month I will be checking my bill. How many other peoples had this happen also that don't check their bills. You should have some type of program for low income like the gas company has. Please take a few minutes to check on a program for low income seniors. Over 35 percent of the population in Bullhead City is seniors.

Thank You
Nancy J Loera
