DOCKETED BY

Dear Ms Murphy:

Please, be advised that we are very much disturbed by the huge increase requested by Az. Am. Hgo Co. in Sun City.

We try hard to conserve water at our home — even going to the extent that we save water from our clothes washing machine and then "recycle" it by spilling it in our yard.

Being senior citizens on a fixed income, and other medical expenses rising, it seems hard for us to accept such a large increase in $H_2O$ rates — especially when someone thinks it so necessary to pipe Colorado river water from Lake Pleasant to water the golf courses — and to have "us" pay for the cost of installing those pipes.

So, please, keep us seniors in mind and do not allow so great a rise in $H_2O$ rates

Thank you. Anna & Milan Jesina
