Docket # SW 04305A-05-0086
SW 04305A-05-0087

Honorable Jane L. Rodda:

I am writting to show my concerns about The Sewage system at San Manuel Az.

I have lived in San Manuel since 1961. I bought my residence a (3 bedroom house) in 1973. I understood my house was part of a Waste Water System maintain by Magma Copper Co. This is stated in the deed to the house I purchased.

B.H.P. bought the San Manuel properties from Magma and I assumed they have the same obligations That Magma had. Now the Austrailian Company Know as B.H.P. is creating confusion with San Manuel Citizens and is misrepresenting the responsibilities it has as operator of the Sewer system This is just another attemp to dodge their obligations ~~when~~ they have when the assumed ownership of world largest underground copper mine

I am asking for your Knowlege as a Judge for fair and compassionet consideration and to give the citizens enough time to sort thru this mess. to be able to represent Themselves after the facts are found out

Yours Truly
