Dear Sir

I am Writing in concern of the price increase of Sewer Charges at Kings Ranch unit II Black Canyon City held by Jeane + Phillip albins

I feel at this time we are already paying to much at $80 a month

I have not seen a financial statment for the operations of this facitily

It is my understanding that there Costs are Considerably Lower than they are taking in

another Concern is that in the letter They stated that they wanted an increase of 20% farther down in the letter They state that they can increase as much as they wish after apparoval This Causes me great Concern

There was a Conversation regarding the ass of Burying the facility If they are Truly Lossing money as Stated It seems to me they would like to get rid of it This is Puzzling Thank you for your Cosideration
