Gentlemen,I am a citizen of Arizona and a resident of Sun City. I understand that utilities want more money; whether for equipment, infrastructure or CEO's pockets. You have to understand that we, the residents of Arizona, have not received an increase in wages or Social Security in over 3 years. Many of us are barely making it paycheck to paycheck or Social Security payment to payment. I don't care what the Feds say, inflation is rising rapidly! In the case of APS, they already have a "demand charge" on those of us who use their different advantage plans. We used these in the past to help us save money. Now they are putting in more "fees" to reduce this "advantage" savings.They also have to redefine their "poverty" scales. Social Security uses the threshold of Married $32,000 or $25,000 for single people before income is even considered. Then the IRS gives further deductions. Only after that, are taxes computed. Some thought must be given to allow those of us who can not afford their increases before asking for more money.Thank you for listening and I hope you will vote NO until APS takes into account the plight of the residents.
