Dear Commissioners: ORIGINAL

My name's Twyla Haggerty and I'm a student at ASU Tempe, and I want more energy efficiency. I care because there are so many issues going on in our community that are tied to excessive use of non efficient resources. I want to live in a place that I can be proud of and increasing energy efficiency will make that happen. Energy efficiency needs to be a priority for APS.

Sincerely,
Twyla Haggerty
