DOCKETED
DEC 28 1998
DOCKETED BY

Dear Sir,

I am very concerned about the cost of power for Cyprus Bagdad Copper Corporation (C.B.C.C.)

I am a homeowner - taxpayer of Prescott Valley, Arizona and an employee of C.B.C.C.

Because of the low price of copper right now our jobs are in jeopardy. Any increase in the cost of power could be the death knell for the employment of a great many taxpayers, County and state, and a great loss to the tax base of both county and state.

You may be sure I will be most grateful for your concern and any action you may take on our behalf.

Thank You,
Justin Joe Hansen
