Dear Arizona Corporation Commission

I just wanted a little input on the request of APS to ask for a permanent base rate increase;

We are on a "fixed" income and do all we can to make the ends meet. Every year it becomes more difficult. Just this year alone the R.V. Park we live in raised our space rent $101.00 Now that has become a hardship on us. I can't save anything on the electricity in this park cause one rate applies. Don't have an option for 9 AM to 9 PM to save or a reduced rate on the weekend. Besides all that the management charges us $5.00a

Moral to process our electric bill.
So if that rate hike is approved, its another burden for us.
I just can't make a dollar out of 99¢.

Thanks for the input

Diane Geer
