Re: Consumer comments in favor of decoupling and energy efficiency, Southwest Gas Company rate case #G-01551A-10-0458

Arizona Corporation Commission
DOCKETED
OCT 28 2011
DOCKETED BY

Dear Chairman Pierce and Commissioners:

I have been a SW Gas customer for at least 36 years and an Arizona resident for 50 years. As one who is very concerned in the cost of energy and its wasteful effect on the environment, I urge you to support the adoption of both decoupling and energy efficiency in the Southwest Gas rate case.

Our current system results in the loss of huge sums of money to buy fuel out of state and the job loss that goes with it. We need to stop the incentives for utilities to build more infrastructure and import more energy which will ultimately raise our utility bills

The Commission and utilities should help lower our utility bills by decoupling and energy efficiency

Sincerely yours

Roy M Emrich
