DOCKETED
MAR 16 2012
DOCKETED BY

Dear Commissioners,

I support the establishment of an opt-out program and other measures to protect APS' disabled EHS (electrically hypersensitive) customers as stated in the three documents filed to Docket # E-00000C-11-0328 by Safer Utilities Network on 9.20.2011 and 10.31.2011.

Because I am hypersensitive to electrical and magnetic radiation, my husband and I bought a home east of Snowflake in an area where our neighbors have similar health concerns. The house was constructed to shield the occupants from electrical and magnetic radiation.

The installation of Smart Meters could destroy these safeguards and increase health problems, making it impossible for me to continue living in this home.
