2003 OCT -3 A 11: 59

AZ CORP COMMISSION
DOCUMENT CONTROL

If anything the rate should be decreased. What is with the State of Arizona increasing rates without voter approval. Recently here in Yuma we have been TOLD we will have a rate increase of 53% over the next 3 years and even though a petition was presented was told tough..its not valid that Arizona State Legislators state they can do whatever. In addition, to that we pay 1.5 food sales tax, another State legislator thing that allows the council to do as they want...We can't afford another rate increase.

Why 9.8%? That's seem quite high. Is Pinnacle West building another energy facility? How long will Arizonan's have to pay for this increase. I believe we are paying plenty in energy costs as it is especially when we have to endure power outages all summer long.
