Dear Chairman Pierce & Commissioners -

I'm a TEP customer and I hope you'll support energy efficiency programs and an increased budget for TEP to do this. Last year TEP invested $11 million and this year it will probably be $5 million, which means a likely loss of programs & jobs.

I will pay for these programs through my electric bill to lower costs and keep/create jobs

Our schools need upgrades (I'm a teacher) and current funding won't likely cover them

Please protect today's and tomorrow's ratepayers by supporting energy efficiency programs.

Thankyou!

Terry Anderson
