RECEIVED

I was one of the 84 or so that signed the petition about Sunland Water Company wanting to 2012 JUN 15 A 9:31 AZ CORP COMMISSION DOCKET CONTROL sell water by at least 500%. Thats outrages.

I am 70 years old & on fixed income & have had problems with water running down the street & ending like a lake in front of my house since 2002. Some of the problem has been fixed since 2011 but roads are bad from that
