Re: Far West Water & Sewer Inc.
Docket # WS-03478A-12-0301

Thank you for scheduling a meeting here in Yuma so that we the people can express our concerns regarding the above named company.
It's unbelievable and unreasonable to me that the above company wants to increase sewer rates 188%.
Perhaps an outside firm could do a thorough audit of their bookkeeping system to find out where the money goes. It seems to me that the three people who own the company live high on the hog

while we the rate payers, support that lifestyle.

It does take a lot of money to support race horses. And, there are two homes on Ironwood Drive here in the Foothills that have been redone to the tune of 100's of 1000's of dollars. Neither home is occupied on a full time basis.

I would urge you to just say No to the proposed rate increase.

P.S. I am 80 years young & lost my husband in 2011 and his income from SS, so I have very little monthly income.
