DEAR COMMISSIONERS,

I'M A TEP CUSTOMER WHO SUPPORTS ENERGY EFFICIENCY. I THINK ANY EFFORTS WE MAKE TOWARDS ENERGY EFFICIENCY NOW ARE AN INVESMENT IN ARIZONA'S FUTURE. OFFERING HOMEOWNER'S ENERGY ASSESSMENTS, WEATHERIZATION ASSISTANCE, AND ENERGY STAR STANDARDS AND REBATES ARE NECESSARY PROGRAMS AND SHOULD BE FULLY FUNDED. SHADE TREES, ESPECIALLY "TREES FOR TUCSON", IS A WONDERFUL PROGRAM THAT HAS BENEFITED MY HOUSE, AND SHADE IN GENERAL IS ENDORSED BY MOST LIVESTOCK IN THE STATE, AND SHOULD BE INCREASED EXCEPT WHERE THE ACC PROPOSES INSTALLING SOLAR ARRAYS TO OFFSET NON-RENEWABLE ENERGY.

I AM THANKFUL TEP HAS RESTARTED ITS VITAL ENERGY EFFICIENCY PROGRAMS AT ITS OWN EXPENSE IN SPITE OF THE ACC'S SHORTSIGHTEDNESS CONCERNING ARIZONA'S FUTURE. I ENCOURAGE THE COMMISSION TO REVISIT THEIR DECISION. I ALSO ENCOURAGE THE COMMISSION TO INCREASE SOLAR REBATES FROM THE VARIOUS UTILITIES FOR HOMEOWNERS WHO INSTALL SOLAR.

THANK YOU FOR THE OPPORTUNITY TO COMMENT.

SINCERELY,

MICHAEL HUCKABY
