Dear Commissioners:

I strongly hope that you will support the Energy Efficiency Programs that TEP is proposing. I have and am a 3 year TEP customer and live close to one of the TEP coal power plant. As an Electrical Engineer, I would love to see more solar farms as the one that is on I-10 and Valencia. I do not work for a solar company. I just want a better world for my son and family.

Sincerely,

David Rodriguez
