I am a voter and an APS Customer. I writing to urge you to protect Net Metering, docket #E-01345A-13-0248.
Photovoltaic Solar provides 10,000 Jobs in Arizona.
It will bring in $34 million dollars by 2020 in savings to the grid.
The Subsidies to Coal Industry were $900 million from 1990s.
The Solar industry has recieved such a small amount of subsidy.
I support rooftop Solar in our state as an important industry and a means for Arizonans to have a real energy choice.
No other state has affected it's Net Metering with taxes such as APS has proposed.
These proposed taxes will effectively end the residential solar industry in Arizona. Please vote to protect Net Metering in Arizona.

Sincerely,
Mark Hayduke Grenard
