ORIGINAL

We are unhappy w/ the water rates and how extremely outrageous our water bill is. We live in a home just under 1900 sqft, desert landscaping front & back w/ a little grass in the backyard. For just 2 people our last bill was $156.90!!!! Our last home w/ the same sq ft & landscaping minus the grass in The City of Peoria water ran around $65.00. I cant imagine having a little patch of grass would cost $100+. I work in real estate & we have past clients calling us wanting to move solely because water is way too much! One woman bought a home with a fairly large lot in hopes of building a pool... she is no longer building a pool and also wants to sell her home. If the stress isnt enough because the water bill is too high & they want to sell, they are also stressing because they are scared no one will buy their home because of it being in EPCOR water.

Thankyou,
Tres & Megan LaChance
