To Chairman Bob Stump
and Commissioners

Re. Tucson Electric Power
Energy Efficiency Standard & Home EE programs in
Tucson, Arizona E-01933A-13-0183

Dear Commissioners, I am a TEP rate payer.

I am a enthusiastic fan of Arizona's Energy Efficiency Standard. I urge you to continue to support this standard and make it stronger.

In this spirit, I urge you to require that Tucson Electric Power uphold and continue their home energy efficiency programs in their service areas.

This program has provided many jobs and economic health in communities, helped many people to save on their energy bills and helped reduce energy demand and keep our electric rates under control.

All energy efficiency projects & programs are valuable, cost effective, environmentally critical & wise.

Thank you for your consideration
