In my Honest opinion Black Mountain Sewer is currently charging me to much for my one bedroom one Bath (thats one toilet) condo at 7402 E. Carefree Drive know as The Carefree Terrace Condominiums.

They are charging all 38 units in our complex that amount while our sewer comes off the property in one pipe (thats one hole).

We don't get it, especially because Every Giant or any home around us pays the same amount as our per unit price of about 65.00

Please help us and the other Condo owners in the area. I sure bet that the apartments across Carefree Drive (the Alti Vista Apartments) don't pay that much per unit. Mybe that is why they use a Cave Creek Address.
