ARIZONA CORP COMMISSION  
DOCUMENT CONTROL

Arizona Corporation Commission  
Utilities Division  
1200 West Washington Street  
Phoenix, AZ 85007

Verizon California Inc. (Verizon) hereby petitions to have its intraLATA services, Message Toll Telephone Service (MTS) and Wide Area Telephone Service (WATS) reclassified as competitive offerings in Arizona. This petition addresses the requirements of Section R14-2-1108 of the Commission's rules and requests from the Commission a determination that the company's intraLATA toll services are competitive. The Commission has already determined that these same services offered by Qwest Corporation (formerly U S West) in its territory are competitive with Decision No. 59637, Docket No. E-1051-96-160.

This reclassification will allow Verizon to replace its concurrence with Qwest Corporation for these services with its own tariff language. Tariff sheets have been filed with Verizon's Advice Letter Number 226 in this Docket T-01846B-03-0710. No rates will change as a result of this reclassification; there is no revenue impact.

Verizon has no WATS customers in Arizona at this time, so its share of the market is 0%.

If you have any questions, please call me at (805) 372-6751, or Lorraine Kocen at (805) 372-6945.
