RECEIVED

Dear Commissioner,

I am writing in support of the new ownership of TEP/UniSource. I am confident that under this new ownership, the TEP community involvement will remain strong.

TEP is the longest standing supporter of the annual Southern Arizona Regional Science-Engineering Fair and of the SciEnTeK-12 Foundation. Not only do they support our efforts through financial support of the events and generous awards to the students, but through provision of many volunteers who judge projects and help manage the fair itself.

TEP is indeed a valuable community resource, let's make sure we keep it that way.

  
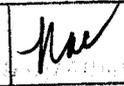

Jack D Johnson, President  
SciEnTeK-12 Foundation
