Re: The Links at Coyote Wash Utilities, L.L.C.
Application for Certificate of Convenience and Necessity to Provide Sewer Service
Docket Control # SW-04210A-03-0712

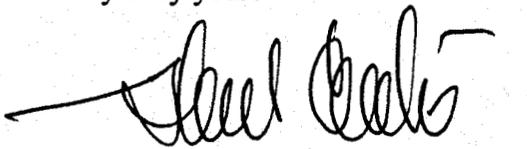

Dear Mr. Fisher:

Please be advised that we are the original owners of the property to be served by the above referenced sewer utility. We are developing the property, know as The Links at Coyote Wash, within the City of Wellton. As part of our development agreement with the City, we were required to provide sewer service. The most efficient way for us to provide this service is to form a subsidiary but independent utility company and let that company apply for the Certificate of Convenience and Necessity.

Based on the foregoing, we hereby request that The Links at Coyote Wash Utilities, L.L.C. be granted a CC&N to provide sewer service within the Coyote Wash Subdivision. Since developing the first phase, we have sold several lots. This request shall also apply to service to those lots.

Thank you for your consideration in this matter.

Very truly yours

Glen T. Curtis, Manager
