Arizona Universal Service Fund Tariff
Schedule No. B-3

2nd Revised Sheet B3-1
2nd Revised Sheet B3-2

The purpose of this filing is to remove language that concurs with the tariffs of U.S. West Communications, now Qwest Corporation, and replace it with language specific to Verizon.

Note that the following Symbols are used in the tariff:

- (T) to signify text and/or minor changes from the Qwest tariff or minor changes to the existing Verizon tariff;
- (N) to signify new material;
- (L) to signify material relocated from or to another part of tariff schedules with no change in text, rate, rule or condition; and
- (R) to signify a rate reduction.

In addition, Verizon intends to provide confidential information supporting this filing under a protective agreement.

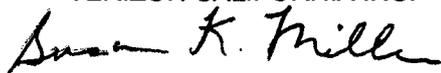

An effective date of October 27, 2003, is respectfully requested.

It is requested that the stamped "Approved" copy of this filing be returned to the address below:

SCHEDULE NO. B-1

MESSAGE TOLL TELEPHONE SERVICE (continued)

APPLICABILITY

Applicable to message toll telephone service furnished or made available by this Utility between its points, and between its points and points reached over facilities of connecting utilities. (T)

TERRITORY

Between points within the State of Arizona where the respective rate centers of such points are located in said state.

GENERAL

(T)

A1 APPLICATION

(T)

B1 Message Telecommunication Service (MTS) applies to all MTS calls made between two or more rate centers within the same LATA in this state. The rate centers are specific geographic locations from which airline mileage measurements are determined.

B2 MTS provides telecommunication beyond the local calling area. MTS charges cover the service furnished between the calling and called stations.

B3 The telecommunications network is designed, maintained, and operated to originate and terminate calls between station lines furnished by the Utility. However, connections of facilities, equipment and/or communications systems provided by others may be made to the telecommunications network. The Utility is not responsible for the through transmission of signals or quality of transmission on such connections. When such connections are made at premises where the customer doesn't originate or terminate calls, the Utility may require exchange service to be provided from a central office arrangement different from the central office arrangement designated by the Utility to serve that premises.

SCHEDULE NO. B-1

(T)

MESSAGE TOLL TELEPHONE SERVICE (continued)

A2 TERMS AND CONDITIONS (continued)

B3 Liability (continued)

C3 The customer indemnifies and saves the Utility harmless against claims for libel, slander, or infringement of copyright from the material transmitted over its facilities; against claims for infringement of patents; and against all other claims arising out of any act or omission of the customer in connection with facilities provided by the Utility.

C4 When the lines of other telephone companies are used in establishing connections to points not reached by the Utility's lines, the Utility is not liable for any act or omission of the other company or carriers.

B4 Use

C1 Use of Service

The service is provided for use by the customer and may be used by others, when so authorized by the customer, providing that such use shall be subject to the provisions of this tariff.

C2 Abuse and Fraudulent Use

The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes:

D1 The use of service or facilities of the Utility to transmit a message or to locate a person or otherwise to give or obtain information, without payment of the charge applicable for service.

D2 The obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain MTS, by rearranging, tampering with, or making connection with any facilities of the Utility, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the regular charges for such service.

D3 The use of service or facilities of the Utility for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment, or harass another.

SCHEDULE NO. B-1

(T)

MESSAGE TOLL TELEPHONE SERVICE (continued)

A2 TERMS AND CONDITIONS (continued)

B4 Use (continued)

C2 Abuse and Fraudulent Use (continued)

D4 The use of profane or obscene language.

D5 The use of the service in such a manner as to interfere unreasonably with the use of the service by one or more other customers.

C3 Unlawful Purposes

The service is furnished subject to the condition that it will not be used for an unlawful purpose.

B5 Obligation of the Customer

C1 The calling party shall establish his identity in the course of any communication as often as may be necessary.

C2 The calling party shall be solely responsible for establishing the identity of the person or persons with whom connection is made at the called station or stations.

B6 Termination of Service for Cause

Upon nonpayment of any sum due the Utility, or upon a violation of any of the conditions governing the furnishing of service, the Utility may, by notice in writing to the customer, without incurring any liability, forthwith discontinue the furnishing of said service.

B7 The Utility will pay the nonrecurring Primary Interexchange Carrier (PIC) change charge of \$5.00 for any end user or any Payphone Service Provider who selects Verizon as their intraLATA toll carrier.

SCHEDULE NO. B-1

(T)

MESSAGE TOLL TELEPHONE SERVICE (continued)

A3 STANDARD SERVICE OFFERINGS

B1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE

C1 Class of Calls

Charges apply according to the class of call the calling person selects as defined below.

D1 Dial Station-to-Station

Applies when the calling person dials the desired telephone number without the assistance of an operator and the call is billed to the calling number. This includes calls forwarded by call forwarding equipment. Dial Station-to-Station also applies when the operator.

- E1 Records the calling telephone for areas without recording equipment.
- E2 Reaches the called telephone number because of trouble on the network or because dial completion is not available.
- E3 Places a call for a calling person who is identified as being disabled and is unable to dial the call because of that disability.
- E4 Reestablishes a dialed call when there is a service fault that interrupts a call after the called person has been reached.

D2 Payphone - Dial Station-to-Station

Applies to MTS cash calls placed from pay telephones, utilizing Public Access Line (PAL), when station-to-station calls are dialed and paid by the calling person with no assistance from the operator.

(T)

D3 Calling Card Service

Calling Card Service encompasses customer-dialed calls in which the person originating the call, including from a pay telephone, completes the call either with or without the assistance of an operator. The call is billed, where automatic billing equipment is available, to a telecommunications company calling card.

(L)

D4 Operator-Assisted Station-to-Station

Operator-Assisted Station-to-Station Service encompasses calls that are completed with the assistance of an operator, other than Dial Station-to-Station, Customer-Dialed Calling Card, and Operator-Assisted Person-to-Person. Operator-Assisted Station-to-Station Service also applies when calls originate from a Public Access Line (PAL), and when a customer asks that a completed Direct Dialed Station-to-Station call be billed to another telephone number.

(L)

D5 Operator-Assisted Person-to-Person

Applies when a calling person names the particular party to be reached by an operator. This also applies to calls placed from PALs. The party may be a person, station, department or office reached through a PBX attendant. Person-to-person also applies when the calling person cannot speak to the intended person or station but agrees to speak to someone else or requests an operator to make arrangements with a person to receive a call at a specified time.

SCHEDULE NO. B-1

(T)

MESSAGE TOLL TELEPHONE SERVICE (continued)

A3 STANDARD SERVICE OFFERINGS (continued)

B1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE (continued)

C1 Class of Calls (continued)

D5 Charges

E1 Pay Telephone Charges

Applies to all Verizon carried non coin calls (i.e., billed to a third party, calling card, or collect) placed from pay telephones. This charge is in addition to all other applicable charges.

E2 The following charges are in addition to the MTS rates in A3.B1.C6.D2:

	<u>Rate</u>
F1 Customer-Dialed Calling Card (Mechanized)	\$ 1.50
F2 Customer-Dialed Calling Card (Operator-Assisted)	1.50
F3 Operator-Assisted Station-to-Station	3.80
F4 Operator-Assisted Person-to-Person	6.00
F5 Pay Telephone Charge	0.26

The intraLATA operator-assisted charge will apply when a customer requests a time and charges quote for an intraLATA toll call.

C2 Timing of Calls

D1 On Dial Station-to-Station, Customer-Dialed Calling Card Station-to-Station and Operator-Assisted Station-to-Station, the timing of a call begins when the calling and called stations are connected.

D2 On Person-to-Person calls, the timing of a call begins when the calling party is connected to a specified person, station or an agreed-upon alternate.

D3 Chargeable time ends when the connection is terminated at any point.

D4 When exchange telephone service used for MTS is directly connected (i.e., not connected through a multiline terminating system) at a customer's premises to a communications system, chargeable time for all classes of calls begins when a call from the telecommunications network terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the exchange telephone service so that chargeable time may begin.

SCHEDULE NO. B-1

(T)

MESSAGE TOLL TELEPHONE SERVICE (continued)

A3 STANDARD SERVICE OFFERINGS (continued)

B1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE (continued)

C2 Timing of Calls (continued)

D5 Per Minute Rates

The per minute rates shown in the rate table in A3.B1.C6.D2 are for a connection of one minute or any fraction thereof.

D6 The timing of a call does not include time lost because of service faults or defects that are reported to the Utility.

D7 For residence, business and miscellaneous MTS calls, the time of day at the calling person's rate center determines whether the day or evening/night/weekend rates apply.

D8 Payphone - Dial Station-to-Station rates are quoted in terms of initial and additional periods. The initial period of the call is for four minutes or any fraction thereof. The additional period of the call is for each minute or any fraction thereof.

C3 Collection of Charges

D1 Charges for residence, business and miscellaneous MTS calls are billed to the calling person, except where the calls are billed to:

E1 The called party as a collect call and the charge is accepted by the called party.

E2 A third telephone number, unless restricted from accepting this call type.

E3 An authorized calling card or special billing number.

D2 Charges for Payphone-Dial Station-to-Station calls are charged to the calling party on a sent-paid basis.

C4 Payment Arrangements

The customer is responsible for payment of all charges for service furnished, due on receipt of the bill.

SCHEDULE NO. B-1			(T)
MESSAGE TOLL TELEPHONE SERVICE (continued)			
A3 STANDARD SERVICE OFFERINGS (continued)			
B1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE (continued)			
C5 Hearing or Speech Impaired Persons Discount			
A 50% rate reduction will apply to all direct dialed long distance calls, within the same LATA in the state of Arizona, that originate from a teletypewriter or similar device from a residential line of a certified hearing or speech impaired customer or his or her immediate family.			
C6 Charge Determination			
D1 The charge for residence, business or miscellaneous MTS is determined by the:			
E1 Time of day and day of week			
E2 Duration of call			
E3 Class of call			
D2 The MTS charges schedule is as follows:			
	<u>Day</u>	<u>Evening/Night/Weekend</u>	
	<u>Rate Per Minute</u>	<u>Rate Per Minute</u>	
E1 Residence, Customer-Dialed Station-to-Station Calls	\$ 0.25	\$ 0.15	
E2 Business, Customer-Dialed Station-to-Station Calls	\$ 0.28	\$ 0.28	
E3 Miscellaneous, ¹ Operator-Assisted ² and Alternately Billed Calls ³	\$ 0.25	\$ 0.25	
D3 Payphone - Dial Station-to-Station Rate Schedule			
	<u>Initial</u>	<u>Additional</u>	
	<u>(4 Minutes)</u>	<u>(1 Minute)</u>	
E1 Per Call	\$ 1.00	\$ 0.25	(T)
¹ Charge applies where billing capabilities do not exist to separately identify residence and business Customer-Dialed Station-to-Station calls.			(T)
² Includes mechanized calling card calls.			
³ Includes calls placed from Public Access Lines.			(T)

SCHEDULE NO. B-1

(T)

MESSAGE TOLL TELEPHONE SERVICE (continued)

A3 STANDARD SERVICE OFFERINGS (continued)

B1 TWO-POINT MESSAGE TELECOMMUNICATION SERVICE (continued)

C6 Charge Determination (continued)

D4 The following table indicates the appropriate times for the day and evening/ night/weekend rate periods to be used for rating residence, business and miscellaneous MTS calls.

	MON	TUE	WED	THU	FRI	SAT	SUN
8:00 AM to 5:00 PM ¹	Day Rate Period Full Rate						
8:00 AM to 5:00 PM ¹	Evening/Night/Weekend Rate Period						

E1 The total amount of the call will be rounded to the nearest cent if the computed rate of the call results in a fractional charge.

E2 The evening/night/weekend rate applies to the holidays listed below unless a lower rate applies:

New Year's Day	January 1
Independence Day	July 4
Labor Day	--
Thanksgiving Day	--
Christmas Day	December 25

E3 For MTS calls specified in A3.B1.C6.D2, when a message begins in one rate period and ends in another, the initial period rate is the rate in effect at the time the connection is established. The rate for each additional period is the rate in effect at the beginning of each additional period.

SCHEDULE NO. B-1		(T)
MESSAGE TOLL TELEPHONE SERVICE (continued)		
A3 STANDARD SERVICE OFFERINGS (continued)		
B2 DIRECTORY ASSISTANCE SERVICE (continued)		
C1 Directory Assistance (continued)		
D2 Allowances		
E1	A customer is allowed one directly dialed Directory Assistance call per month at no charge for each central office line or trunk, excluding PALs.	
E2	Centrex customers receive one directly dialed Directory Assistance call per month at no charge for each eight Centrex main station lines or fraction thereof if the total number of stations is not divisible by eight.	
E3	The call allowance is not transferable between separate accounts of the same customer.	
D3 Charges		
E1	In locations, including Public Access Lines, where the customer has the capability to direct dial Directory Assistance but chooses to place the call as a Mechanized or Operator-Assisted Customer-Dialed Calling Card call or Operator-Assisted Station-to-Station call, the appropriate charge, specified in A3.B1, applies in addition to the Directory Assistance charge.	
		<u>Rate</u>
F1	Each call dialed directly by customer	\$ 0.47 (R)
F2	Each call placed from Public Access Lines ¹	
G1	Direct Dial	0.15 (R)
G2	Alternately Billed	0.15 (R)
E2	The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of the service includes the obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain Directory Assistance service, by rearranging, tampering, with, or making connection with any facilities of the Utility, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with attempt to avoid payment, in whole or in part, of the regular charge for such service. In addition to any other action authorized by this tariff, the Utility may, in such cases of abuse or fraudulent use, assess appropriate Directory Assistance charges on the customer's regular telephone account.	(T)
¹	See A3.B1 for additional charge applications.	(T)

A4 ANCILLARY WATS SERVICE

B1 Monthly Rates for Access Line Extensions

Access line extensions are provided only within the same LATA in this state.

The minimum service period for an access line extension is one day.

Where customer-provided terminal equipment or customer-provided communications systems involve connection to a channel, such channel connection is subject to the provisions Schedule No. AC, Rule No. 19.

When a WATS access line has more than one termination, one is designated as the access line main station. All other terminations of the same access line are designated as access line extensions.

(T)

¹ Charge is in addition to all other applicable 800 Serviceline rates and charges.

SCHEDULE NO. B-2

(T)

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS

A1 Description

- B1 Wide Area Telecommunications Service (WATS) provides for dial-type communications between a WATS termination and exchanges within the same LATA, within the state and in accordance with the regulations and schedules of charges specified in this tariff.
- B2 A WATS access line is a line from the Utility central office to the Utility-provided network interface on or near the customer's premises and is provided for the purpose of completing WATS calls. Each such line will be arranged at the customer's option for either Outward WATS or 800 Service, but not for both.
- B3 WATS is provided as either Outward WATS, 800 Service or 800 Serviceline Option.
- C1 The Outward WATS customer is furnished a WATS access line arranged for outward calling only. Outward WATS provides for directly dialed calls from a WATS termination by way of the WATS access line and the public switched network to exchanges within the same LATA in the state. Usage is bulk billed as set forth in A1, Outward WATS.
- C2 The 800 Service customer is furnished a WATS access line arranged for inward calling only. 800 Service provides for dial-type calling to a WATS termination by way of the WATS access line and the public switched network from exchanges within the same LATA in the state. 800 Service allows customers to receive and pay for incoming long distance calls by use of a telephone number which begins with the special service area code, 8XX (i.e., 800, 822, 833, 844, 855, 866, 877 or 888, as available). Usage is bulk billed as set forth in A2, 800 Service.
- C3 The 800 Serviceline Option customer is furnished an 8XX number (i.e., 800, 822, 833, 844, 855, 866, 877 or 888, as available) to be associated with an individual line or trunk. 800 Serviceline Option is an option served over an exchange access facility and is not an access line. One 8XX number may be assigned to each existing or newly provided exchange telephone number which allows for the completion of 8XX calls in addition to all other usage normally handled on this termination. Message detail (calling number/calling location, where possible, and duration of calls) is included unless otherwise requested by the customer. Billing is based on a specified rate per hour as set forth in A3, 800 Serviceline Option. Volume discounts may apply.
- B4 WATS is furnished only if the necessary service components are available. If unusual costs are involved to make facilities available, the customer may have to pay additional charges.

SCHEDULE NO. B-2

(T)

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A1 Description (continued)

- B5 Intrastate Outward WATS and/or 800 Service may be provided jointly by the Utility and the Interexchange Carrier on a shared basis. A shared WATS access line is where the Utility provides the WATS access line, transports the intraLATA traffic and bills both the WATS access line and intraLATA usage to the end user as set forth in this tariff. The Interexchange Carrier transports the interLATA traffic and bills interLATA usage to the end user at the IC's applicable WATS usage rates. The Interexchange Carrier shall order Switched Access Service under the terms and conditions of the Utility's Access Service tariff.
- B6 Intrastate 800 Serviceline Option may be provided jointly by the Utility and the Interexchange Carrier on a complementary basis. A complementary service is where the Utility provides the 8XX number to be associated with an individual line or trunk, transports the intraLATA traffic and bills both the 8XX number and intraLATA usage to the end user as set forth in this tariff. The interLATA traffic is transported and billed by the Interexchange Carrier as set forth in B5 preceding.
- B7 A dual jurisdiction WATS access line is a facility used for the provision of interstate and intrastate WATS and is provided subject to the terms and conditions of the Utility's Interstate Access Service Tariff F.C.C. No. 14. Any intrastate intraLATA traffic retained and transported by the Utility will be billed to the end user at the usage rates set forth in this tariff. The interLATA traffic is transported and billed by the Interexchange Carrier as set forth in B5 preceding.
- B8 Interstate interLATA Outward WATS and/or 800 Service will be provided by the Interexchange Carrier.
- B9 IntraLATA only 800 Service will not be provided by the Utility.
- B10 IntraLATA only Outward WATS and/or 800 Serviceline Option will be provided by the Utility.
- B11 Wire Center - A specified geographical location in an exchange from which charges for WATS extensions are determined.
- B12 Service Terminating Arrangement - Utility-provided equipment which terminates WATS access lines and facilitates design, isolation, and testing of WATS service. Protective connecting arrangements include the service terminating arrangement.

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A2 WATS Terminations

B1 The term "Station" as used in connection with WATS:

- C1 Denotes the network control signaling unit and any other equipment which is arranged for WATS and provided at a customer's premises in accordance with this tariff or,
- C2 Denotes the point, at a customer's premises, at which customer-provided terminal equipment or communications system is connected to Utility facilities furnished for WATS or,
- C3 Denotes the point of connection of WATS to switching equipment when such switching equipment is located in a Utility central office or,
- C4 Denotes the point of connection of Outward WATS to an Interexchange Carrier channel (utilizing WATS central office connecting facilities) at a Utility WATS serving central office.

B2 The term "Main Station" denotes the first WATS station furnished for use with a WATS access line. The term "Extension Station" denotes any other WATS station furnished for use with the same WATS access line.

B3 At the option of the customer, a WATS access line may be connected to:

- C1 A standard telephone.
- C2 An attendant's position or switching equipment of: a PBX or central office dial switched system, a common control switching arrangement.
- C3 A key telephone system.
- C4 An Interexchange Carrier channel utilizing a WATS central office connecting facility.

B4 When connections are made to customer or Interexchange Carrier-provided communications systems at a premises where the customer does not originate or terminate communications, the Utility may require that WATS be furnished from a Utility WATS central office arrangement different than the central office arrangement designated by the Utility to serve that premises. Under such circumstances, rates and charges equal to access line extension charges apply between the WATS central office that would serve the customer's premises and the WATS central office from which service is actually provided.

SCHEDULE NO. B-2

(T)

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A3 Limitations of Service

B1 WATS calls must be dialed and completed without the assistance of a Utility operator except when facilities or conditions do not allow customer dial completion or when an interrupted call is reestablished by a Utility operator.

B2 The Utility does not undertake to transmit messages but furnishes the use of its facilities to its customers for communications.

B3 The design, maintenance and operation of WATS envisions that communications will originate or terminate at a WATS station for the purpose of communicating with stations in the specified service areas. Connections of communications system provided by the customer or Interexchange Carrier to WATS may be made. However, the Utility will not be responsible for the through transmission of signals or for the quality of transmission on such connections.

B4 Connection to Other Services

Connection of WATS to other services is permitted on a switched basis only. No permanent connection between WATS and other services may be established.

B5 Priority of Service

C1 The installation and restoration of service shall be in accordance with the rules for Telecommunications Service Priority (TSP) as set forth in Schedule No. AC, Rule No. 17, and Verizon Telephone Operating Companies Tariff FCC No. 16, Access Service, Section 8.8.2, Telecommunications Service Priority.

C2 Subject to compliance with the above mentioned rules, when a shortage of facilities exists either for temporary or protracted periods, MTS will be established before all other services. However, the duration of MTS calls may be limited with facility shortages are caused by emergency conditions.

B6 Utility Liability

C1 In view of the fact that the customer has exclusive control of communications over the facilities furnished by the Utility, and of the other uses for which facilities may be furnished by the Utility, and because of unavailability of errors incident to the services and to the use of such facilities of the Utility, the services and facilities furnished by the Utility are subject to the terms, conditions and limitations herein specified.

Effective 2003

ARIZONA

SCHEDULE NO. B-2

(T)

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A3 Limitations of Service (continued)

B6 Utility Liability (continued)

C2 The liability of the Utility for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in facilities furnished by the Utility, occurring in the course of furnishing service or other facilities and not caused by the negligence of the customer, or of the Utility in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error, defect in transmission, or failure or defect in facilities occurs.

C3 The Utility shall be indemnified and saved harmless by the customer or customers against claims for libel, slander, or the infringement of copyright arising directly or indirectly from the material transmitted over the facilities or the use thereof; against claims for infringement of patents arising from combining with, or using in connection with, facilities furnished by the Utility, apparatus and systems of the customer; and against all other claims arising out of any act or omission of the customer in connection with the facilities provided by the Utility.

C4 When the lines of other telephone companies are used in establishing connections to points not reached by the Utility's lines, the Utility is not liable for any act or omission of the other company or companies.

C5 The Utility does not guarantee nor make any warranty with respect to equipment provided by it for use in an explosive atmosphere. The customer shall indemnify and hold the Utility harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by customer or by any other party or person, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of said equipment so provided.

D1 The Utility may require each customer to sign an agreement for the furnishing of such equipment as a condition precedent to the furnishing of such equipment.

Effective ,2003

ARIZONA

SCHEDULE NO. B-2

(T)

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A3 Limitations of Service (continued)

B6 Utility Liability (continued)

C5 (continued)

D2 The customer shall furnish, install and maintain sealed conduit with explosion-proof fittings between this equipment and points outside the hazardous area where connection may be made with regular facilities of the Utility. The customer may be required to install and maintain this equipment within the hazardous area if, in the opinion of the Utility, injury or damage to Utility employees or property might result from installation or maintenance by the Utility.

B7 Transmission Quality

Satisfactory transmission cannot be assured when the WATS access line is connected to other Utility services or to customer-provided equipment or services.

B8 Completion of 800 Service or 800 Serviceline Option Messages

800 Service or 800 Serviceline Option is furnished upon condition that the customer obtain adequate facilities to permit the use of this service without interfering with this service or impairing it or without injurious effects upon it or any other service rendered by the Utility. The Utility, without incurring any liability, may terminate or refuse to furnish 800 Service or 800 Serviceline Option to any customer who fails to comply with said conditions, provided that, in case of a termination of service, at least five days have elapsed following written notification to the customer by mail or in person of the Utility's intention to terminate the service for such cause.

B9 Use of Service

WATS may be used by the customer or others authorized by the customer. Orders involving installation, rearrangement, billing or discontinuance of service will be accepted by the Utility only from the customer.

B10 Abuse or Fraudulent Use

The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes:

Effective , 2003

ARIZONA

SCHEDULE NO. B-2

(T)

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A3 Limitations of Service (continued)

B10 Abuse or Fraudulent Use (continued)

- C1 The placing or acceptance of a WATS call by a WATS customer, the customer's agent, employee or representative, in response to an uncompleted MTS call, which was not completed in order to transmit or receive intelligence without the payment of the application message toll charge;
- C2 The obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain, WATS by rearranging, tampering with, or making connection with any facilities of the Utility, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the regular rates and/or charges for such service;
- C3 The use of service or facilities of the Utility for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment, or harass another;
- C4 The use of profane or obscene language;
- C5 The use of the service in such a manner as to interfere unreasonably with the use of the service by one or more other customers.

A4 Application of Monthly Rates and Usage

B1 General

WATS usage charges are for payment for the service between the WATS termination and another location.

B2 Service Group

- C1 Service Group, as used in connection with Outward WATS, denotes one access line or two or more access lines appearing in the same multiline terminating system at the same customer premises.
- C2 Service Group, as used in connection with 800 Service, denotes the access lines arranged in central office equipment furnished by the Utility as part of a given hunting arrangement. (The term "hunting arrangement" denotes a grouping of 800 Service access lines at the same customer premises arranged for the completion of a given call or arranged for overflow to or from another access line or group of access lines.)

SCHEDULE NO. B-2

(T)

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A4 Application of Monthly Rates and Usage (continued)

B3 Chargeable Time

- C1 Chargeable time begins when connection is established between a station associated with the WATS termination and the calling or called station.
- C2 Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telecommunications network.
- C3 When 800 Service or 800 Serviceline Option is directly connected (i.e., not connected through a multiline terminating system) at a customer's premises to a communications system, chargeable time begins when the call terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the 800 Service or 800 Serviceline Option so that the chargeable time may begin.
- C4 All calls completed in one billing period through 800 Serviceline Option will be billed a minimum of 30 seconds per call.

B4 Minimum Service Period

The minimum service period for WATS is one day.

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A4 Application of Monthly Rates and Usage (continued)

B5 Payment of Charges

C1 The customer is responsible for payment of all charges for service furnished the customer. Nonrecurring charges are payable upon establishment of service. All other charges from time to time in force and effect are payable monthly in advance, except hourly usage charges, which are payable upon rendition of a bill by the Utility.

C2 Charges of less than a cent will be rounded to the nearest cent.

B6 Fractional Periods

C1 The charge for a fractional part of a month will be a proportionate part of the monthly rate based on the actual number of days the service is provided.

C2 For the purpose of administering this regulation with respect to the determination of the charge for a fractional part of a month, every month is considered to have 30 days.

B7 Directory Listings

C1 Directory listings for 800 Service will be provided at rates applicable for business additional listings. (See Schedule No. A-6, Directory Listings.)

C2 One free directory listing will be provided for 800 Serviceline Option. Additional directory listings will be provided at applicable additional listing rates. (See Schedule No. A-6, Directory Listings.)

C3 Directory listings are not furnished with Outward WATS.

B8 Minimum Average Time Requirement (MATR) for Outward WATS

Usage is subject to an average of one minute per completed call in each rate period for each billing period. This means that if the average duration per call in any rate period during each billing cycle is less than one minute, billing will be based on an average duration of one minute per call.

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A4 Application of Monthly Rates and Usage (continued)

B9 Method of Determining Rates for Outward WATS

- C1 Determine the total number of calls for the service group.
- C2 Determine the equivalent hours used by applying the minimum average time requirement of 60 seconds (1 call = 1 minute).
- C3 Determine the total actual hours used for the service group.
- C4 Determine the chargeable hours which is the greater of C2 or C3 preceding, rounded to the nearest tenth (one decimal place).
- C5 Determine the number of access lines in service during the month. Access lines in service for a fraction of a month are based on the number of days in service divided by 30 days. The result is rounded to the nearest hundredth, two decimal places.
- C6 Determine the average use per line in the service group by dividing the chargeable hour in C4 preceding, by the number of access lines in C5 preceding.
- C7 Determine the usage charge per line by multiplying the hourly rate in the appropriate taper(s) by the number of hours used in each taper and totaling these charges.
- C8 Determine the total usage charge in the service group by multiplying the usage charge per access line in C7 preceding, by the number of access lines in C5 preceding.

B10 Minimum Average Time Requirement (MATR) for 800 Service

Usage is subject to an average of 30 seconds per completed call in each rate period for each billing period. This means that if the average duration per call in any rate period during each billing cycle is less than 30 seconds, billing will be based on an average duration of 30 seconds per call.

WIDE AREA TELEPHONE SERVICE (continued)

CONDITIONS (continued)

A5 Allowance for Interruptions (continued)

B4 The credit in B2 and B3 preceding, includes all credits to be applied for an interruption.

B5 None of the prior credit allowances will be made for:

C1 Non-completion of WATS messages due to busy network conditions, or

C2 Interruption of service due to customer-provided equipment or systems, or

C3 Interruption of service due to the negligence of the customer, or

C4 Interruption of service during any period in which the Utility is not afforded access to the premises at which the WATS access line is terminated, or

C5 Interruption of service during any period when the customer has released the WATS access line to the Utility for maintenance purposes, or implementation of a customer order for a change in service arrangement.

B6 Message telecommunications service furnished at a customer's request, when WATS is interrupted, is charged at the message telecommunications rates.

B7 When 800 Serviceline Option is interrupted, the credit allowance is the same for the service with which it is associated.

A6 Pay Telephone Charge

The Pay Telephone Charge applies to all calls placed from pay telephones. This charge is in addition to all other applicable 800 Serviceline rates and charges.
