NOTICE

AZ CORP COMMISSION  
DOCUMENT CONTROL

TO: POWER PLANT AND TRANSMISSION LINE SITING COMMITTEE  
MEMBERS AND INTERESTED PARTIES

SUBJECT: MESQUITE POWER LLC.  
DOCKET NO. L-00000S-00-0101

DATE: OCTOBER 17, 2000

Enclosed for your review is a copy of the proposed Certificate of Environmental Compatibility in Case No. 101, which has been executed by Paul Bullis, Chairman-Designee for the Power Plant Transmission Line Siting Committee.

It is anticipated this will be scheduled for Open Meeting on November 28, 2000, and November 29, 2000, for consideration and approval by the Arizona Corporation Commission.

If you have need any further assistance in the above referenced matter please feel free to contact me at (602) 542-0741, or (800) 222-7000.

Sincerely,

J. Beth Cockrill  
Information Processing Specialist II  
Utilities Division

DOCKET NO. L-00000S-00-0101  
(CASE NO. 101)

DECISION NO. \_\_\_\_\_

DECISION OF THE ARIZONA POWER PLANT AND TRANSMISSION  
LINE SITING COMMITTEE AND  
CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY

Pursuant to notice given as provided by law, the Arizona Power Plant and Transmission Line Siting Committee ("Committee") held public hearings at the Best Western Executive Park Hotel, 1100 North Central Avenue, Phoenix, Arizona, on Wednesday, September 6, 2000, Wednesday, October 4, 2000 and Tuesday, October 10, 2000, in conformance with the requirements of Arizona Revised Statutes Section 40-360, *et seq.*, for the purpose of receiving public comment and evidence, and deliberating on the Application of Mesquite Power, L.L.C. ("Mesquite" or "Applicant") for a Certificate of Environmental Compatibility ("Certificate") in the above-captioned case.

The following members or designees of members of the Committee were present for the hearings on the Application:

- 1 Paul A. Bullis Chairman, Designee for Arizona Attorney General Janet Napolitano
- 2 Steve Olea Arizona Corporation Commission
- 3 Richard Tobin Arizona Department of Environmental Quality
- 4 Mark McWhirter Arizona Department of Commerce.
- 5 Dennis Sundie Arizona Department of Water Resources
- 6 George Campbell Appointed Member
- 7 Jeff Maguire Appointed Member
- 8 Wayne Smith Appointed Member.

9

10 The Applicant was represented by Lawrence V. Robertson, Jr., of Munger Chadwick, P.L.C.

11 Staff of the Arizona Corporation Commission ("Staff") noticed their intervention as a party, and

12 were represented by Janice M. Alward. and Teena Wolfe. Arizona Center for Law in the Public

13 Interest ("the Center") noticed its intervention and was represented by Timothy Hogan. There were

14 no other interventions or limited appearances.

15 At the conclusion of the hearings and deliberations, the Committee, (i) having received and

16 considered the Application, the appearances of Applicant and the Staff, the evidence, testimony and

17 exhibits presented by Applicant and the Staff, respectively, (ii) being advised of the legal

18 requirements of Arizona Revised Statutes Sections 40-360 to 40-360.13, (iii) upon consideration of

19 the factors identified in Arizona Revised Statutes Section 40-360.06, and (iv) in accordance with

20 A.A.C. R14-3-213, upon motion duly made and seconded, voted to make the following findings and

21 to grant Applicant the following Certificate of Environmental Compatibility:

22

23 The Committee finds that the record contains substantial evidence regarding the need for an

24 adequate, economical and reliable supply of electric power within the State of Arizona, and how the

25 Applicant's proposed Mesquite Project would contribute towards satisfaction of such need.

26

27 Mesquite and its assignee(s), are hereby granted this Certificate of Environmental

28 Compatibility authorizing construction of a natural gas-fired, combined cycle generating facility,

1 together with related infrastructure, which shall be located in Maricopa County, Arizona, South of  
2 Elliott Road, approximately one (1) mile east of Wintersburg Road, and approximately 37 miles west  
3 of the Phoenix metropolitan area. This facility shall consist of two power blocks as described in the  
4 application, each capable of producing 625 megawatts at peak production. The related infrastructure  
5 includes facilities necessary for the interconnection of the Mesquite generating station to the  
6 Hassayampa Switchyard, as described in the application.

7 This Certificate is granted upon the following conditions:

- 8
- 9 1. The Applicant and its assignees will comply with all existing applicable  
10 air and water pollution control standards and regulations, and with all  
11 existing applicable ordinances, master plans and regulations of the State  
12 of Arizona, the County of Maricopa, the United States, and any other  
13 governmental entities having jurisdiction.
- 14 2. This authorization to construct the Mesquite Project will expire five (5)  
15 years from the date the Certificate is approved by the Arizona  
16 Corporation Commission ("Commission") unless construction of the  
17 Mesquite Project is completed to the point that the Mesquite Project is  
18 capable of operating at its rated capacity by that time; provided, however,  
19 that prior to such expiration Applicant or its assignee may request that the  
20 Arizona Corporation Commission extend this time limitation.
- 21 3. Applicant shall meet all applicable requirements for groundwater use set  
22 forth in the Third Management Plan for the Phoenix Active Management  
23 Area existing as of the date Applicant first begins withdrawing  
24 groundwater in connection with the Project. Applicant shall limit its  
25 aggregate annual withdrawal of groundwater to (i) 7,500 acre feet for the  
26 Mesquite Project site, and (ii) such additional volumes available within  
27 its Type 1 Goundwater Right as may be needed to implement the portion  
28 of the Comprehensive Land Management Plan provided for at Condition  
No. 11(ii) below.
4. Applicant will provide to the Commission, not more than 12 months prior  
to the commercial operation of the plant, a technical study regarding the  
sufficiency of transmission capacity from the plant to the wholesale  
electric market.
5. The plant interconnection must satisfy the Western Systems Coordinating  
Council's ("WSCC") single contingency outage criteria (N-1) without  
reliance on remedial action such as generator unit tripping or load  
shedding.
6. Applicant will within fifteen (15) days of reaching such an agreement,  
submit to the Commission an interconnection agreement with the  
transmission provider with whom it will be interconnecting.

- 1 7. Applicant or one of its affiliates will become a member of WSCC, or its  
2 successor, and file a copy of its WSCC Reliability Criteria Agreement or  
3 Reliability Management System (RMS) Generator Agreement with the  
4 Commission.  
5  
6 8. Applicant will use commercially reasonable efforts to become a member  
7 of the Southwest Reserve Sharing Group, or its successor, thereby  
8 making its units available for reserve sharing purposes, subject to  
9 competitive pricing.  
10  
11 9. Applicant will use low profile structures, moderate stacks, neutral colors,  
12 compatible landscaping, and low intensity directed lighting for the plant.  
13  
14 10. Applicant will operate the Project so that during normal operations the  
15 Project will not exceed (i) HUD residential noise guidelines or (ii) OSHA  
16 worker safety noise standards.  
17  
18 11. Applicant will implement its Comprehensive Land Management Plan as  
19 presented to the Committee in hearing Exhibit A-13 for the plant site and  
20 the 3,000 acre Water Property that includes:  
21  
22 (i) Installation of a professionally designed landscape plan for the  
23 entrance of the facility and along Elliot Road.  
24  
25 (ii) Implementation of a comprehensive revegetation program  
26 designed to restore portions of the water property with plant  
27 communities similar to the adjacent desert lands.  
28  
29 (iii) Where feasible, the development of ongoing working  
30 relationships with the Phoenix Zoo, Southwest Wildlife  
31 Rehabilitation and Educational Foundation, Inc. and Arizona  
32 Game and Fish Department to develop alternative land uses for  
33 the water property that can be beneficial to the community and  
34 consistent with an "open space" land use designation; and  
35  
36 12. Applicant will submit annual reports (for 10 years) to the Commission  
37 setting forth the status of implementation of the Comprehensive Land  
38 Management Plan and any feasible alternative land uses which may have  
39 been identified and agreed upon by Applicant and the aforesaid  
40 organizations. The first annual report shall be filed one year from the  
41 date this Certificate is approved by the Commission.

42 GRANTED this 16<sup>th</sup> day of October, 2000.

**BEFORE THE  
ARIZONA CORPORATION COMMISSION**

Having considered the factors identified in A.R.S. Section 40-360.06, and balanced, in the broad public interest, the need for an adequate, economical and reliable supply of electric power with the desire to minimize the effect thereof on the environment and ecology of this state, the Commission finds, concludes and orders that the Certificate of Environmental Compatibility be affirmed and approved.

IT IS THEREFORE ORDERED that the Certificate of Environmental Compatibility granted to Mesquite Power LLC by the Arizona Power Plant and Line Siting Committee on October 10, 2000, is hereby affirmed and approved.

IT IS FURTHER ORDERED that the this Decision shall become effective immediately.

**BY ORDER OF THE ARIZONA CORPORATION COMMISSION**

Chairman \_\_\_\_\_ Commissioner \_\_\_\_\_ Commissioner \_\_\_\_\_

In Witness Hereof, I Brian C. McNeil, Executive Secretary of the Arizona Corporation Commission, set my hand and cause the official seal of this Commission to be affixed, this \_\_\_\_\_ day of \_\_\_\_\_, 2000.
