Re: Supplemental Responses to Questions 5c, 5d, and 5f of Attachment A

Dear Darren,

In response to Question 5c and 5f, attached are confidential fiber maps with facilities identified. These are my only copies of these maps. You have agreed to copy the maps and return the originals to me.

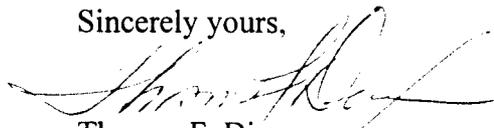

In response to Question 5d the following describes the services provided by MCImetro:

1. Digital Gateway - THIS IS A DELIVERY METHOD FOR T-1'S THAT ALLOWS FOR LOCAL AND LONG DISTANCE TO BE COMBINED ON THE SAME T-1.
2. Metro direct - OFF-RING T-1 CUSTOMERS WHERE WE LEASE FACILITIES FROM THE LEC OR OTHER PROVIDER. PROVIDES ANALOG AND DIGITAL LOCAL SERVICE.
3. On Net - ON-RING CUSTOMERS. THESE ARE LOCAL CUSTOMERS IN BUILDINGS THAT ARE DIRECTLY CONNECTED TO OUR FIBER RING. THESE CUSTOMERS HAVE ACCESS TO THE FULL ARRAY OF LOCAL SERVICES.
4. Unbundled - SERVICE DELIVERY METHOD THAT PROVIDES ANALOG TRUNK AND LINE SERVICE VIA A COLLOCATION. ILEC OWNS "LAST MILE" TO CUSTOMER .
5. Other - REFERS TO SERVICES PROVIDED BY BROOKS.

I am still attempting to obtain information on the Brooks services provided and identified as "Other" and I will forward that information on as soon as I receive it.

If you have any questions, please feel free to call me at 303-390-6206.

Sincerely yours,

Thomas F. Dixon  
Senior Attorney
