ORIGINAL

Dear Commissioner Spitzer 11-13-03
As an elected official representing the 43000 residents of Sun City I want to extend my appreciation to you and your fellow commissioners for holding the public hearing on the water rate increase and diligently lessening to some of our residents speak.

I would like to relay to you the feeling of the majority of our residents as to the water rate increase. It felt that a small increase would be warranted as to the water rate itself. As for the waste water increase I personally feel the residents are getting short changed. The residents pay substantial rate for this service and DO NOT get any credit for the reuse of the waste water.

I am certain that when AZ/AM purchased Citizens Water Co., considerations in the purchase price was included as to the age and condition of the system, therefore the same considerations should be taken into account when looking at the proposed rate increase.

The Sun City Homeowners Assoc. would have liked very much to have been an intervener in this proposal but our budget restraints made it impossible, therefore we can only voice our opposition to what we feel an excessive request for a water rate increase.

Best Regards
Floyd Brown, Pres.
Sun City Homeowners Assoc.
10401 W. Coggins Dr.
Sun City, AZ 85351
