RE: Second Set of Data Request to TCNC Docket No. T-04253A-04-0275

Dear Sir/Madam:

Please find enclosed is the second set of data requested for Certificate of Public Convenience and Necessity Certificate for Docket No.T-04253A-04-0275 to provide intrastate telecommunication services in the state of Arizona.

Please note that each item is answered separately and numbered as mentioned. Also attach is the copy of the interstate and intrastate wholesale rates from Qwest.

All the information in this document is being provided by me, and if you have any concerns please contact us.

Sincerely,

Ashar Syed – Chairman & CEO  
Tele Circuit Network Corp.

SECOND SET OF DATE FROM  
TELE CIRCUIT NETWORK CORPORATION  
DOCKET NO. T-04253A-04-0275

RECEIVED

2004 SEP 23 A 10: 21

1. Copy of this data is already submitted to Adam Lebrecht at [alebrecht@cc.state.az.us](mailto:alebrecht@cc.state.az.us)
2. Tele Circuit is QWest's long distance reseller, so all of its rates are based on wholesale rates from this vendor. The company provides LEC billing for customer convenience, bill rendering fee is calculated based on fee from billing clearing house (USBI) and local company (LEC). The minimum rate we calculate as vendor rate plus ten percent margin per minute, plus bill rendering fee. The maximum rate we calculate as vendor rate plus two hundred percent margin per minute, plus bill rendering fee.
3. Most of the companies providing services in Arizona have rates which are time and miles oriented, whereas Tele Circuit provide service on flat-rate basis neither time nor mile oriented. This is great savings from customer living far apart and peace of mind.

AZ CORP COMMISSION  
DOCUMENT CONTROL

For example Access Long Distance of Arizona rated has couple of bands and rates on each band are miles and time oriented. The price per minute for intra-state call during the day ranges from \$0.1501 to \$0.2359, where as Tele Circuit can provide the same service at maximum flat rate of \$0.15 per minute. The price per minute for inter-state call during the day ranges from \$0.0873 to \$0.1616, where as Tele Circuit can provide the same service at maximum flat rate of \$0.10 per minute so huge saving for customers living far apart. The maximum monthly fee of this company for intra-state is \$10.00 and for inter-state is \$5.00 whereas Tele Circuit will provide service at only one monthly of \$4.95

We compared the rates with another long distance service provider in Arizona, i.e. ActiveTel. The charge for their first minute is \$0.15 and each additional minute is also \$0.15 for both inter or intra state calls. Tele Circuit charges \$0.10 for inter and \$0.15 for intra-state, so our rates are very competitive for long distance service.

So Tele Circuit's inter-state and intra-state rates in Arizona are reasonable and just.

4. The amount company pays to QWest for interstate is \$0.0256 and for intra-state is \$.0835 each minute. The company pays to Billing clearing house USBI on per message basis. The rate for USBI per message ranges from \$0.045 to \$0.052. (Note: Copy of the Qwest Swichless Reseller rates attached)

The company pays to LEC (Qwest) \$1.32 for rendering interstate bill and \$1.32 for rendering intrastate bill. So Tele Circuit charges maximum \$4.95 monthly service fee for sending long distance bill with local bill.

5. The company has already submitted its tariff copy.

6. The company provides services in AL, CA, CO, FL, IL, MN, MO, NY, NJ, NC, VA, MA, TX, WI and UT. The company provides the similar services at the same rates in all these jurisdictions as it has applied for in Arizona.
7. The company is applying in OK, CT and PA. The company will provide the similar services at the same rates in all these jurisdictions as it has applied for in Arizona.

RATES ARE FOR DISCUSSION PURPOSES ONLY AND ARE NOT EFFECTIVE UNTIL A CONTRACT OR ADDENDUM IS FULLY EXECUTED.
