**DIVERSIFIED WATER UTILITIES, INC.'S  
SUPPLEMENT TO STAFF'S MAY 17, 2004 REPORT ON JOHNSON  
UTILITIES, L.L.C. dba JOHNSON UTILITIES COMPANY PURSUANT TO  
DECISION NO. 65840**

Diversified Water Utilities, Inc. ("Diversified"), provides this supplement to the May 17, 2004 Report filed by the Utilities Division Staff on Johnson Utilities, L.L.C., dba Johnson Utilities Company ("JUC"). The purpose of this Supplement is to supply information not discussed by Staff and which Diversified believes are important to

1 the regulatory authority of the Commission and, if considered, will warrant issuance of an  
2 Order to Show Cause against JUC.

3 I. AN ORDER TO SHOW CAUSE IS APPROPRIATE TO  
4 EXAMINE THE LEGALITY OF JUC EXPANDING ITS  
5 SERVICE TERRITORY BY AGREEMENT WITHOUT  
6 SECURING NECESSARY COMMISSION APPROVALS

7 JUC has been utilizing county improvement districts to expand its service  
8 territory while avoiding securing a certificate of convenience and necessity or  
9 Commission authorization of its rates and charges. JUC first requests the landowners to  
10 petition the County Board of Supervisors to form a district. JUL will testify in favor of  
11 the district and publicly commit to provide utility service to the area in question. Once the  
12 district is formed, a long-term (e.g., 30 years) "management agreement" between the  
13 district and JUC is executed, whereby JUC agrees to construct, own and operate the water  
14 delivery system for the district and provide water service to the district. See, Water  
15 Service and Management Agreement dated July 11, 2001 and attached hereto as Exhibit  
16 A. The district is a sham to enable JUC to expand its service area without first securing  
17 the requisite Commission approvals.

18 Diversified respectfully suggests that a public service corporation's  
19 agreement to construct a plant and provide utility service without first securing a  
20 certificate and Commission approval of its rates and charges to be imposed by JUC  
21 violates A.R.S. §§ 40-281 *et seq.* (requiring certificates as a requisite to a public service  
22 corporation constructing plant) and A.R.S. § 40-251 (requiring Commission approval of a  
23 utilities rates and charges after hearing). Staff did not examine these violations.  
24 Diversified believes the violations warrant issuance of an Order to Show Cause by the  
25 Commission and, after hearing, entry of an order precluding JUC from performing under  
the existing agreements and from executing any future agreements of this nature.

JUC first utilized this technique in the above-captioned matter to avoid the  
Commission Staff's recommendation that Diversified's certificate be extended over an

1 area JUC desired to serve. The Skyline Domestic Water Improvement District was  
2 formed just twenty-four hours before commencement of the Commission's certification  
3 hearing. A few months later, the Pinal County Board of Supervisors approved a 30-year  
4 management agreement between the district and JUC. See Exhibit A, attached hereto.<sup>1</sup>  
5 Diversified is informed and therefore believes that JUC has used this same procedure on  
6 one or more additional occasions.

7 II. AN ORDER TO SHOW CAUSE IS APPROPRIATE TO  
8 EXAMINE WHETHER JUC IMPROPERLY INTERFERED  
9 WITH DIVERSIFIED'S EFFORTS TO SECURE A NEW  
10 WELL

11 Diversified filed an eminent domain action in 2002 to secure a much  
12 needed well and well site to serve its growing customer base. The well is located in  
13 Diversified's certificated area and satisfies both Diversified's growing demand and  
14 provides the operational redundancy otherwise lacking in Diversified's one well system.  
15 In 2000, Diversified had previously reached an understanding on the purchase of this well  
16 with its owners. However, JUC then interfered with the transaction and the owners  
17 refused to negotiate further with Diversified. This action, together with others, resulted  
18 in Diversified requesting and receiving a Temporary Order from the Commission's  
19 Hearing Division enjoining JUC from extending its facilities or service into the area  
20 encompassed by Diversified's certificate. See, Exhibit C attached hereto.<sup>2</sup> Subsequently,  
21 JUC made an appearance in the condemnation action in opposition to the acquisition  
22 based upon false claims delaying Diversified's condemnation proceeding. JUC claimed  
23 to have a pre-existing contract to purchase the well and argued that the well would be

---

24 1 On March 31 and May 5, 2004, the Pinal County Board of Supervisors, after three years of  
25 litigation, declared the Resolution, the District and actions taken in furtherance thereof, void *ab*  
*initio* and of no force and effect. See, Exhibit B attached hereto.

2 The Hearing Division stayed further action on the Complaint first until the certification  
proceeding was completed and later due to the litigation challenging the Skyline Domestic  
Water Improvement District. Diversified respectfully suggests that the well issue is better  
considered with the other issues raised herein.

1 used "as the primary water source for the Skyline Domestic Water Improvement  
2 District." The well was located in Diversified's exclusive certificated territory and not  
3 within the boundaries of the District. JUC's efforts were without merit and Pinal County,  
4 acting as the Skyline Domestic Water Improvement District, took over opposition to  
5 Diversified acquisition of the well. <sup>3</sup> This action violates both A.R.S. §40-281(A)  
6 (prohibiting construction of plant without a certificate), and A.R.S. §40-  
7 281(B)(prohibiting interference with another public service corporation's existing  
8 system).

9 III. AN ORDER TO SHOW CAUSE IS APPROPRIATE TO  
10 EXAMINE WHETHER THE PAYMENT OF JUC'S FINES  
11 BY DEVELOPERS WAS IN THE PUBLIC INTEREST.

12 During the open meeting deliberations leading to the adoption of Decision  
13 No. 65840, it was disclosed that developers served by JUC paid the Eighty Thousand  
14 Dollars (\$80,000) in fines imposed on JUC by the Arizona Department of Environmental  
15 Quality. At the time this penalty was imposed, it was the highest penalty assessed by  
16 ADEQ for water quality violations.

17 The purpose of imposing a financial penalty against a violator is to place a  
18 consequence against that violator for failure to adhere to the mandatory rules. Allowing  
19 JUC to transfer the penalty obligations to others significantly undermines the purpose and  
20 impact of the penalty. Moreover, to permit utilities offering monopoly services to cause  
21 its regulatory penalties to be paid by those receiving that service is improper and would  
22 be subject to enormous abuse and undue pressures. Common sense and the need to  
23 protect the public mandate a full investigation of the circumstances surrounding the  
24 payment of JUC's penalties by others and the rejection of any "voluntary" payments of

---

25 <sup>3</sup> Within days of Diversified being notified that Pinal County would be intervening and opposing  
Diversified, George Johnson, the president of JUC made a sizeable transfer of value to the  
family of the Pinal County Manager Stanley Griffis as evidenced by Exhibit D, attached  
hereto.

1 JUC's penalties by others. The only possible basis for such action is a breach of  
2 contractual obligations by a customer that lead to the violation resulting in the penalty.  
3 An order to show cause is appropriate to examine whether there was a legitimate basis for  
4 any third party payments of penalties made on behalf of JUC.

5 ACCORDINGLY, Diversified respectfully supplements the Staff Report  
6 dated May 17, 2004 and requests the Commission to issue its Order to Show Cause on  
7 the topics set forth above.

8 Respectfully submitted this 22nd day of July, 2004.

TO BE A FIT AND PROPER WATER PROVIDER AND SUPPORTING DIVERSIFIED WATER UTILITIES, INC. IN ITS EFFORTS TO HAVE THE ARIZONA CORPORATION COMMISSION EXPAND ITS CERTIFICATED AREA IN PINAL COUNTY, ARIZONA.

WHEREAS, prior to February 28, 2001 petitions were submitted to the Board of Supervisors requesting the formation of the Skyline Domestic Water Improvement District pursuant to Arizona Revised Statutes Sections 48-901 *et seq.*;

WHEREAS, after notice a public hearing was conducted on the petitions and the matter was taken under advisement;

WHEREAS, on or about March 8, 2001 the Board of Supervisors were notified that petitions were being withdrawn and the withdrawal was accepted on March 9, 2001;

WHEREAS, between March 12 and March 13, 2001 new petitions were submitted requesting the Board of Supervisors form the Skyline Domestic Water Improvement District ("Skyline");

WHEREAS, on March 14, 2001 the Board of Supervisors summarily adopted Resolution No. 031401-SDWID purportedly creating Skyline, with the Board of Supervisors to act as the Board of Directors of Skyline;

WHEREAS, Diversified Water Utilities, Inc. ("Diversified"), a public service corporation certificated by the Arizona Corporation Commission ("ACC") to serve much of the territory encompassed by Skyline, filed an action challenging the creation of Skyline which action is pending in Maricopa Superior Court as Cause No. CV2002-003724 (consolidated with Case No. CV2003-006223) and entitled *Diversified Water Utilities, Inc. v. Pinal County, et al.*;

WHEREAS, Pinal County, the Board of Supervisors, Skyline and the individual members of the Board of Supervisors and the Board of Skyline are desirous of resolving and settling the aforementioned litigation and establishing a policy setting forth certain criteria that must be met to demonstrate that the public convenience, necessity or welfare will be promoted by the establishment or extension of a domestic water improvement district where a water provider authorized by law to serve the public already exists in the vicinity of the area sought to be included in a domestic water improvement district;

WHEREAS, the Board of Supervisors has authority, *inter alia*, to prosecute, defend and compromise actions to which the County is a party, pursuant to A.R.S. §11-251(14); to make and enforce necessary rules and regulations for the government of its body, the preservation of order and the transaction of businesses, pursuant to A.R.S. §11-251(21); to do and perform all other acts and things necessary to the full discharge of its duties as the legislative authority of the county government, pursuant to A.R.S. §11-251(30); to make and enforce all local, police, sanitary and other regulations not in conflict with the general law, pursuant to A.R.S. §11-251(31); and, in the conduct of county business, to adopt, amend and repeal all ordinances necessary or proper to carry out the duties, responsibilities and functions of the county which are not otherwise specifically limited by section 11-251 or any other law or in conflict with any rule or law of this state, pursuant to A.R.S. §11-251.05;

NOW WHEREFORE, the Board of Supervisors, in furtherance of such settlement, based upon the entire record developed before the Board of Supervisors and in the litigation:

FINDS, CONCLUDES AND RESOLVES that in the action entitled *Diversified Water Utilities, Inc. v. Pinal County, et al.*, Maricopa County Cause No. CV2002-003724, Judge Kenneth Fields made a determination that the requirements of A.R.S. § 48-906(A) and -902(G) were not or may not have been met at the time Resolution No. 031401-SDWID was adopted on March 14, 2001 purporting to create the Skyline Domestic Water Improvement District;

FURTHER FINDS, CONCLUDES AND RESOLVES that, at the time Resolution No. 03401-SDWID was adopted on March 14, 2001, the proposed Skyline Domestic Water Improvement District was composed of discontinuous areas located within six miles of the boundaries of the City of Mesa and the Town of Queen Creek and that neither municipality had consented to the formation of the Skyline Domestic Water Improvement District;

FURTHER FINDS, CONCLUDES AND RESOLVES that Resolution No. 031401-SDWID, Skyline and all actions taken on behalf of or in furtherance of Skyline, including, without limitation, any agreements entered into with Skyline or the Board on behalf of Skyline, were and are void *ab initio* and of no force or effect and that Resolution No. 031401-SDWID is repealed;

FURTHER FINDS, CONCLUDES AND RESOLVES, in the exercise of its discretion pursuant to A.R.S. §48-906(B), that the territory set forth in the petitions relating to the request to form the Skyline Domestic Water Improvement District that led to the adoption of Resolution No 031401-SDWID should not have been incorporated into an improvement district and all further proceedings on the petitions are hereby dismissed;

FURTHER FINDS, CONCLUDES AND RESOLVES that at this time:

1. The public convenience, necessity or welfare is not promoted by duplication of water providers and water systems in the area described in Exhibit A (attached hereto and incorporated by reference), plus any natural fill area east of the railroad tracks and the area described in Exhibit A;
2. Diversified holds a certificate of convenience and necessity issued by the Arizona Corporation Commission (ACC) to provide domestic water service to much of the area described in Exhibit A;
3. Over the past four years through participation in proceedings before the Arizona Corporation Commission, public hearings before this Board and Maricopa Superior Court Case Nos. CV2002-003724 and CV2003-006223, the County Defendants have become familiar with Diversified, its operations and recognize Diversified's ability to provide reliable water service to its customers and that Diversified is ready, willing and able to provide reliable domestic water service to the area described in Exhibit A, plus any natural fill area east of the railroad tracks and the area described in Exhibit A, in accordance with the rules, regulations and laws that govern its operations;
4. Pinal County and the Board of Supervisors therefore, support the reconsideration and amendment of Arizona Corporation Commission Decision No. 65840 (Docket Nos. W-02234A-00-0371, WS-02987A-99-0583, WS-02987A-00-0618, W-02859A-0774 and W-0395A-00-0784, as amended and supplemented) or such other application Diversified may file during calendar year 2004 so that Diversified's Certificate of Convenience and Necessity is expanded to include the territory described in Exhibit B (attached hereto and incorporated by reference) (i.e., most of the area ACC's Staff and ACC Hearing Division recommended be granted to Diversified, but limited to the area generally falling east of the railroad tracks and west of the CAP canal) and furthers recommends and requests that Pinal County Staff file letters and testimony in support thereof and withdraw the testimony previously submitted in that docket on behalf of Pinal County Board of

Supervisors in support of Johnson Utilities, L.L.C.'s request to obtain a certificate of convenience and necessity to provide domestic water service to the area, as may be reasonably requested by Diversified;

FURTHER FINDS, CONCLUDES AND RESOLVES, in furtherance of exercising its authority to determine whether the public convenience, necessity or welfare will be served by the formation of a domestic water improvement district pursuant to A.R.S. §48-905 and 48-906, petitioners seeking to form or extend a domestic water improvement district over or into any area where an existing entity is authorized by law to provide domestic water service to the public within five (5) miles of the territory to be included within the domestic water improvement district, shall, no less than ten (10) days prior to the hearing required by A.R.S. §48-905(A) or, if hearing is waived pursuant to A.R.S. §48-905(C), no less than ten (10) days prior to action by the Board, to secure and submit to the Board of Supervisors and existing water providers authorized to provide service within five (5) miles of the proposed domestic water improvement district or extension all of the following:

1. A non-binding determination as to whether the public convenience, necessity or welfare will be promoted by the formation or extension of the domestic water improvement district, prepared by an independent third party or entity (i) experienced in evaluating the water needs of similar areas, (ii) not affiliated with or having performed services within the past five years for the petitioners or any water provider rendering water service within ten (10) miles of the area where the domestic water improvement district is sought to be formed or extended and (iii) if the petition involves any portion of the area described in Exhibit A, acceptable to Diversified, provided Diversified, if requested by the petitioners or Pinal County, provides not less than four names of persons or entities that it deems acceptable to perform the determination. The party performing the determination shall be asked to evaluate, without limitation, the following: whether and to the extent existing water service providers are unwilling or unable to render adequate water service to the area sought to be served by the domestic water improvement district; whether and to the extent the domestic water improvement district's facilities will duplicate existing facilities, whether and to the extent an existing water provider or the public it serves in Pinal County will be adversely affected if the District is created or extended.
2. An elementary business plan, such as or similar to the Elementary Business Plan defined in Arizona Administrative Code R18-4-602, including evidence of the domestic water improvement district's ability and plan to timely pay compensation to the existing certificated provider; and
3. Assurance that no later than one year from formation or extension of the domestic water improvement district that a determination will be secured from the Arizona Department of Environmental Quality (ADEQ) as to whether the domestic water improvement district meets the technical, managerial and

financial capacity requirements specified in Arizona Administrative Code R18-4-603, R18-4-604 and R18-4-605, as amended from time to time.

FURTHER FINDS, CONCLUDES AND RESOLVES that it is in the public interest and in furtherance of the settlement of the action and Notice of Claim filed by Diversified for the County to enter into a Settlement Agreement with Diversified in the form attached hereto as Exhibit C and a Tolling Agreement with Diversified in the form attached hereto as Exhibit D and authorizing execution of the Settlement Agreement and the Tolling Agreement.
