Enclosed for filing are the original and thirteen (13) copies of Qwest Corporation's 14<sup>th</sup> Revision 2nd Amended Exhibit A to Qwest's Arizona Statement of Generally Available Terms and Conditions (SGAT). The revisions to the Exhibit "A" encompass changes that Qwest believes will make the Exhibit "A" a more useful resource. The purpose of the revisions is to clarify terminology and the presentation of the prices, and establish organizational and numbering consistency. Qwest has reviewed the Exhibit "A"s in its 14 state region and established formatting and sequencing for products that will be used as a uniform template for all Exhibit "A"s. These changes are highlighted in the redlined version of Exhibit "A".

Following is a high level listing of the changes being made:

22  
23  
24  
25  
26

**FORMATTING CHANGES**

- Numbering and/or re-numbering of each element to make it easier to locate elements. This is being done across the 14 Qwest states and will make it easier for our customers to locate the same or similar products in the other states in which they do business.

- Headers and verbiage clarification. In some cases “headers” have been added or verbiage is further clarified in order to make the document easier to understand, i.e. Sections 8.1.1 and 8.1.1.2.
- The rate columns have been reformatted so they are consistent throughout the document. The “Recurring, Fixed” column is now simply titled “Recurring.” All non-distance sensitive rates are located in the “Recurring” column. “Recurring, per Mile” contains distance sensitive rates for those elements that have a “per Mile” component. There is no change to the “Nonrecurring” column.
- Two “Note” columns have been added to align notes specifically to a rate element, one for “Recurring” rates and one for “Recurring, per Mile” rates. Notes located in these columns pertain specifically to that rate. For example, in Section 9.6.1 the “Recurring, Fixed Rate” of \$52.27 is noted in the “Recurring” note column as “A” and the “Recurring, per Mile” rate of \$0.00 is noted in the “Recurring, per Mile” note column as “A.”
- “Intentionally Left Blank” is used throughout the Exhibit A to preserve numbering consistency.

**NOTE SECTION CHANGES**

- Notes have been enhanced to provide more clarity or additional detail on the source of each rate.

**EXHIBIT A CHANGES**

- Section 6.1.5 - Public Access Line (PAL) Service. In 271 hearings, Qwest agreed to explicitly display the PAL discount. Therefore, PAL is being moved to Section 6.1.5 to fulfill the 271 commitment.
- Section 8.6 – Remote Collocation. Rates that are common to Physical and Virtual Collocation have been consolidated. The Power Plant rates listed in Section 8.1 have been listed here as well.

- Section 9.4 – Line Sharing. The name has been changed to “Shared Services” to incorporate Loop Sharing and UNE-P Line Splitting under the Shared Services umbrella. Sections 9.4.4 - 9.4.7 apply to both services.
- Section 9.6.8 Multiplexing. Non-recurring (NRC) rates were listed separately and have been moved with recurring element. In addition moved Section 9.6.8.5 NRC with Section 9.6.7.2 Channelization recurring element.
- Sections 9.7.2 - 9.7.4 have been moved to Sections 9.7.1 - 9.7.3. And Section 9.7.5 has been moved to Section 9.7.6.
- Section 9.7.4, the rates for Unbundled Dark Fiber “Single Strand”, Fiber Transport and Fiber Loop maintain a rate relationship with the like “per Pair” components. When the rates were ordered for the “Per Pair” elements, the rate relationship was lost. Qwest is voluntarily reducing the Single Strand rates from \$117.87 to \$85.25 for the Fiber Loop and from \$86.57 to \$62.75 for the Fiber Transport. These rate elements will be reviewed in Phase 3 of the cost docket, in order to restore the rate relationship.
- Section 9.7.4.3 E-UDF, Fiber Transport rate of \$4.67 and Termination, per Strand / Premises rate of \$117.87 were transposed. That has been corrected in this filing. In addition, Fiber Transport was misnamed. In this filing, that has been corrected to reflect the correct name of Fiber Loop.
- Section 9.11 – Local Switching. Sections 9.11.3 – 9.11.7 have been moved up under Section 9.11.1 – Ports.
- Section 9.11.2 – Vertical Features. This section has been restructured into Basic and Premium Features. See Note 9 regarding \$0.00 rated elements.

- Section 9.23.3.6, rates for these elements were linked to Section 9.2.5.2.1. In previous versions of the Exhibit A, the rate for this element was linked to the First Loop rate for Basic Installation with Performance Testing Section 9.2.5.2.1. However, over time, the link reflected the rate for "Each Additional". The Exhibit A is being revised to reflect the correct \$169.69 rate element.
- In order to add clarity to Loop Mux rates for 2 and 4-Wire nonrecurring rates, the rates are listed separately under each element in Sections 9.23.6.2.1 and 9.23.6.3.1.

Qwest respectfully requests that the Commission permit the Seconded Amended Exhibit A of the Fourteenth Revised SGAT to go into effect no later than 60 days, pursuant to Section 252(f)(3)(B) of the Telecommunications Act of 1996, 47 U.S.C. § 252(f)(3)(B).

RESPECTFULLY SUBMITTED this 29<sup>th</sup> day of July, 2004.

17.1	Processing Fee			\$2,387.93			A

**NOTES:**

Unless otherwise indicated, all rates are pursuant to Arizona Corporation Commission Dockets listed below:

A: Cost Docket T-00000A-00-0194 Phase II Order No. 64922 Effective 6/12/02

B: Cost Docket T-00000A-00-0194 Phase IIA Order No. 65451 Effective 12/12/02

C: Cost Docket T-00000A-00-0194 Phases II & IIA Record Reopened Decision No. 66385 Effective Dates 6/12/02 & 10/6/03

[1] Intentionally Left-Blank Rate not addressed in Cost Docket (estimated TELRIC).

[2] Rates for this element will be proposed in Arizona Cost Docket Phase III and may not reflect what will be proposed in Phase III. There may be additional elements designated for Phase III beyond what are reflected here.

[2] Market-based rates

[3] ICB, Individual Case Basis pricing.

[4] Rates per FCC Guidelines.

[5] Regional TELRIC based where required.

[5] Rates for this element will be proposed in Arizona Cost Docket Phase III and may not reflect what will be proposed in Phase III. There may be additional elements designated for Phase III beyond what are reflected here.

[6] When intrastate tariffed DS3 Private Line Transport (PLTS), Local Interconnection Service (LIS) or EEL share the same PLTS multiplexed DS3, the fraction of DSO's dedicated to LIS, EEL, or intrastate PLTS is divided by 672 and multiplied by the applicable products' DS3 rate elements. The Qwest mechanized implementation team will notify the Qwest Service Delivery LIS process manager of this customer-specific requirement.

[7] Cable Unloading / Bridge Tap Removal charges of \$40.00, \$70.00, \$400.00 & \$2.00 do not apply until further notice.

[8] Qwest has not implemented the NID recurring charges but reserves the right to access such a charge in the future.

[9] All technically feasible Vertical Switch Features are available with compatible unbundled switch ports. No monthly recurring charge applies for Basic Vertical Switch Features. Only Basic Vertical Features with non-recurring charges are listed. Non-recurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity.

[6] A request by the customer to perform something that is technically feasible but the process and pricing are not yet in place.

[7] Rate has been ordered in a different section and is being used due to the similar characteristics of the element.

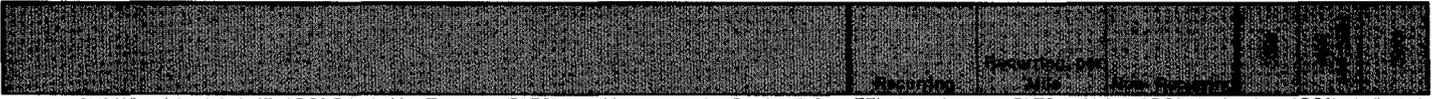

[8] Market-based rates.

[10] [9] Qwest will utilize the Commission TELRIC ordered rates for this element. However, Qwest reserves its right to implement market based prices sometime in the future pursuant to CC Docket No. 96-98, paragraphs 278-287.

[11] A request by the customer to perform something that is technically feasible but the process and pricing are not yet in place.

[12] [4] [9] Per the terms of the Stipulated Agreement reached November 2001, Qwest will not charge for this element until the Commission has an opportunity to review and approve in Phase III of the cost proceeding.

**NOTES:**

Unless otherwise indicated, all rates are pursuant to Arizona Corporation Commission Dockets listed below:

- A: Cost Docket T-00000A-00-0194 Phase II Order No. 64922 Effective 6/12/02
- B: Cost Docket T-00000A-00-0194 Phase IIA Order No. 65451 Effective 12/12/02
- C: Cost Docket T-00000A-00-0194 Phases II & IIA Record Reopened Decision No. 66385 Effective Dates 6/12/02 & 10/6/03

- [1] Rate not addressed in Cost Docket (estimated TELRIC).
- [2] Market-based rates
- [3] ICB, Individual Case Basis pricing.
- [4] Rates per FCC Guidelines.
- [5] Rates for this element will be proposed in Arizona Cost Docket Phase III and may not reflect what will be proposed in Phase III. There may be additional elements designated for Phase III beyond what are reflected here.
- [6] When intrastate tariffed DS3 Private Line Transport (PLTS), Local Interconnection Service (LIS) or EEL share the same PLTS multiplexed DS3, the fraction of DS0's dedicated to LIS, EEL, or intrastate PLTS is divided by 672 and multiplied by the applicable products' DS3 rate elements. The Qwest mechanized implementation team will notify the Qwest Service Delivery LIS process manager of this customer-specific requirement.
- [7] Cable Unloading / Bridge Tap Removal charges of \$40.00, \$70.00, \$400.00 & \$2.00 do not apply until further notice.
- [8] Qwest has not implemented the NID recurring charges but reserves the right to access such a charge in the future.
- [9] All technically feasible Vertical Switch Features are available with compatible unbundled switch ports. No monthly recurring charge applies for Basic Vertical Switch Features. Only Basic Vertical Features with non-recurring charges are listed. Non-recurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity.
- [10] Qwest will utilize the Commission TELRIC ordered rates for this element. However, Qwest reserves its right to implement market based prices sometime in the future pursuant to CC Docket No. 96-98, paragraphs 278-287.

**Exhibit A

	Recurring	Recurring, per Mile	Non-Recurring	REC	REC per Mile	NRC
--	-----------	------------------------	---------------	-----	-----------------	-----

[11] A request by the customer to perform something that is technically feasible but the process and pricing are not yet in place.

[12] Per the terms of the Stipulated Agreement reached November 2001, Qwest will not charge for this element until the Commission has an opportunity to review and approve in Phase III of the cost proceeding.
