Re: Arizona Water Company

Dear Commissioners:

As attorney for the Town of Winkelman, I am writing you at the request of the Mayor and Town Council concerning the Town's right to sell the effluent from the City owned sewer treatment facility. We have been informed by the City of Casa Grande that Arizona Water Company, which also supplies Winkelman with water, has applied to the Arizona Corporation Commission for a tariff on effluent that would apply to not only Casa Grande but to the balance of their operations in the State of Arizona including, we are informed, the system in our community.

Although Arizona Water Company has not given us notification, if they are, in fact, applying for a tariff on the effluent from our sewage facility, we strongly object. We hereby request that the Corporation Commission exclude Winkelman from any order granting any effluent tariff to Arizona Water Company.

If there is anything further that we need to do to perfect our objection to this type of tariff, please let us know.

The Mayor and the entire Town Council are very definite that they do not want any tariff or any other control on the effluent from the sewage treatment facility which the Town of Winkelman operates.

Yours very truly,

J. Dee Flake  
Winkelman Town Attorney
