RE: IN THE MATTER OF THE APPLICATION OF QWEST CORPORATION F/K/A/ U S WEST COMMUNICATIONS, INC., FOR APPROVAL OF THE FIFTH AMENDMENT TO THE WIRELINE INTERCONNECTION AGREEMENT WITH DSLNET COMMUNICATIONS, L.L.C. (DOCKET NOS. T-01051B-01-0138 AND T-03727A-01-0138)

On February 16, 2001, Qwest Corporation ("Qwest"), f/k/a U S WEST Communications, Inc., filed an application for approval of the Fifth Amendment to the Interconnection Agreement between Qwest and DSLnet Communications, L.L.C. ("DSLnet"). The original Interconnection Agreement was approved by the Commission on October 8, 1999, in Decision No. 61981.

The Telecommunications Act of 1996 ("1996 Act") directed incumbent local exchange carriers to make their networks available for interconnection and resale by new entrants to the local exchange market. The 1996 Act provides for interconnection and resale agreements to be concluded by voluntary negotiation. This Fifth Amendment to the Interconnection Agreement between Qwest and DSLnet was voluntarily negotiated, without resort to arbitration.

Under the terms of this Fifth Amendment, the Line Sharing Interim Agreement is replaced with new terms, conditions and rates as set forth in this Fifth Amendment.

According to the 1996 Act, the Commission must approve voluntarily negotiated interconnection and resale agreements, if their provisions are non-discriminatory and in the public interest. Staff has reviewed the Fifth Amendment and finds it to be non-discriminatory and in the public interest. Qwest is offering the same terms and conditions of the Agreement to all other interested parties. The Agreement is in the public interest because it will act to further competition in the local exchange market in Arizona.

Since there are no grounds for rejection of the Fifth Amendment pursuant to Section 252(e)(2)(A), of the 1996 Act, Staff has recommended that the Commission approve the Fifth Amendment to the Interconnection Agreement between Qwest and DSLnet.
