RE: Docket No. W-01825A-04-0546

Lagoon Estates Water Company ("Company") hereby requests a waiver of the time clock for its rate filing. The Company is currently gathering estimates related to its compliance with the Environmental Protection Agency's new arsenic maximum contaminant level. The process being evaluated will also reduce iron and manganese and substantially improve the quality of its water.

The Company requests a 30 to 60 day waiver so it may complete its evaluation of bids for the treatment facilities. The Company is also requesting the inclusion of an Arsenic Remediation Cost Recovery Mechanism in its rate decision.

The Company understands that Staff has no objection to the requested waiver of the time clock.

Sincerely,

Stanley Miller
