September 18, 2004

Ms. Laurie A. Woodall
Assistant Attorney General
Environmental Enforcement Section
1275 W. Washington
Phoenix, Arizona 85007

Dear Ms. Woodall and Members of the Siting Committee.

I support SRP and their partners in their preferred route or any of their proposed alternatives in the Pinal West to Southeast Valley/Browning (PW-SEV/BRG) Project.

IMPORTANT POINTS OF INTEREST

- I came to a public meeting (held on August 18, 2004 by those who call themselves SOVA and want the transmission lines to go down Miller) with an open mind about the 500kV Transmission Lines.
- I heard (what seemed to me to be) half-truths, scare tactics, and arrogance.
- I decided to do my own homework, called SRP and met with them. SRP has spent many hours answering questions, providing resources and meeting with our community so that we can learn.
- I have learned that SRP wasn't "just here to run people out of their homes" because they were so powerful or that "they don't care, it's just about money to them." I learned that both gas lines and power lines have safety features, coexist and rarely have problems
- I learned that professionals had been working on this plan for years.
- I learned that the public meeting trail to obtain community input was long.
- I found that SRP was willing to educate and work with developers and individuals.
- I discovered that their goals included affecting the least amount of individuals while utilizing existing easements.

ON and ON

My concern is this: In my opinion, those who propose Miller and Barnes Road have gathered people to support them by using scare tactics, misinformation and deception. People should make decisions from personal education. Unfortunately, in this case, people trust others instead of doing their own research. And even then, they may not like what they know. Yet, SRP and their partners are bringing to you a plan that research shows will be best for this community even though in an ideal world we would all prefer not to see large power poles come.

Thank you for taking your time to make very difficult decisions. You are all in my prayers.

Sincerely,

Margaret N. Jackson
Margaret N. Jackson
7188 N. Hidden Valley Road (Five just off Miller Road)
Phoenix, Arizona 85239

AS MEMBERS OF THE HIDDEN VALLEY AREA OF HALEY HILLS IN PINAL COUNTY, ARIZONA, WE DO SUPPORT ALTERNATIVES PUT FORTH BY SRP FOR THE PINAL WEST TO SOUTHEAST VALLEY 500kv TRANSMISSION LINE SITING PROJECT.

WE DO NOT SUPPORT ANY PROPOSALS SUGGESTED FOR THIS AREA SOUTH OF HALEY HILLS.

Additional comments

I strongly object to the proposed route down Miller Rd. I live less than a block from that proposed route and fear my property value will drop if power lines are placed so close.
