Docket Number L00000-04-0126 and Case Number 126.

My name is David L. Potillo ,I'm a home owner of 19 years on Teel Rd. in Maricopa AZ. My concern is that SRP and the other utilites have no concern for private home owners that are in there path of these power lines.Which by what the prefered alighment maps of Greystone show my home and some of my long time neighbors houses will be right under these potentionaly Cancer causing power lines.I've been to most of the meetings in regards to this project concerning this area, and have and asked Dan Hawkins and many other representatives of SRP and Greystone why these lines , should'nt go down the existing BLM power line corridor to Interstate 8. This seems to me and many others , that this would effect the least amount people. I would iike to point out the fact that ,if these power lines go over my home it shows me ,and my neighbors that our opinions mean nothing.

Sincerely, David L.Potillo
