December 30, 2004

I am a resident of Tubac, Arizona where we are told there is going to be a HUGE increase (approx. \$75.00 per month) in our water bills. This goes I understand, to lower the arsenic content of our water.

Arizona is one of a handful of states that unfortunately has areas of high levels of arsenic. Since the lowering of arsenic levels is a government mandate, both the state and federal governments should help small, rural water systems in order to meet these requirements.

We need your help. We should not have to meet this horrendous increase without help.

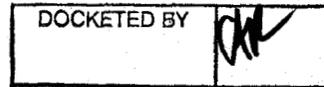

Sincerely,

Leila Pearsall
