To Whom It May Concern

DOCKETED BY 

I wish to contest the rate increases being requested by Oak Creek Utility Corporation as excessive and unfair to the residents served by Oak Creek Utility Corporation.

The various requested changes would represent increases of from 250% to 350%. This is gouging not a reasonable request for an appropriate increase.

My wife and I are both teachers (in a State that consistently ranks as one of the lowest in teacher compensation). The rate increases requested would take our normal \$50 to \$60 water/sewer bill to close to \$150.

At a time where we have not received cost of living increases for years and increases in Health Care deductions have meant that our take home pay has decreased, even as we increase in seniority, WE CAN NOT AFFORD A \$100 INCREASE IN MONTHLY UTILITY COSTS.

We hope that you will look closely at the requested increases, and determine the adjustments that are reasonable for both Oak Creek Utility Corporation and the people relying on it for service and on you, the Commission, for fairness.

Sincerely,

Pete A. Sanders Jr.
