Dear Mr. Nodes,

On November 29, 2004 Beaver Dam Water Company received your letter and a copy of a letter from Bernice W. Evans on behalf of Beaver Dam of Arizona Strip, LLC and Beaver Dam Interchange, LLC wherein Mrs. Evans wished to intervene and object to the above referenced application.

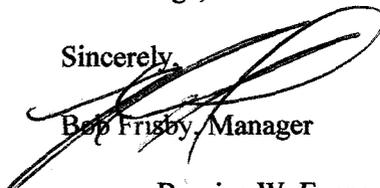

As outlined in the order Beaver Dam Water Company has had the applications in the office available for inspection. At no time did anyone contact Beaver Dam Water to review the application. For their convenience, we are enclosing a copy of map 30 which was prepared by Arizona Corporation Commission / Utilities Division / Engineering which indicate their parcels are not included in our application for extension.

Therefore we object to the intervention because we believe their parcels are outside of the extension area. We believe they are adjacent to the extension area, but not a part of the extension area. We have enclosed copies from the Mohave County Assessors which indicate by the black X the parcel numbers listed in the intervention letter.

If Bernice W. Evans on behalf of Beaver Dam of Arizona Strip, LLC and Beaver Dam Interchange, LLC still believe that their property is within the requested extension area we would ask that they provide our office with a legal description with a point of beginning at a Quarter Section.

It is not our intent by this application to serve any of the property owned by Bernice W. Evans on behalf of Beaver Dam of Arizona Strip, LLC and Beaver Dam Interchange, LLC.

Sincerely,

  
Bob Frisby, Manager
