On July 23, 2004, Arizona Electric Power Cooperative, Inc. ("AEPSCO") and Southwest Transmission Cooperative, Inc. ("SWTC") (collectively "Applicants") filed applications with the Arizona Corporation Commission for rate increases. AEPSCO's Application indicates it is requesting an approximate 10 percent increase in revenue. SWTC's Application indicates it is requesting an approximate 14 percent revenue increase. The actual percentage rate increase for individual customers will vary depending upon the type and quantity of service provided. The applications have been consolidated for purposes of a hearing. Copies of the applications and proposed tariffs are available at the Commission's offices for public inspection during regular business hours and at the Applicants offices: 1000 S. Highway 80, Benson, Ariz. 85602.

The Commission will hold a hearing on this matter beginning April 14, 2005 at 10:00 a.m. at the Commission's offices, Room 222, 400 West Congress, Tucson, Arizona. Public comments will be taken on the first day of the hearing.

The law provides for an open public hearing at which, under appropriate circumstances, interested parties may intervene. Intervention shall be permitted to any person entitled by law to intervene and having a direct and substantial interest in the matter. Persons desiring to intervene must file a written motion to intervene with the Commission, which motion should be sent to the Cooperative or its counsel and to all parties of record, and which, at the minimum, shall contain the following:

1. The name, address, and telephone number of the proposed intervenor and of any party upon whom service of documents is to be made if different than the intervenor.
2. A short statement of the proposed intervenor's interest in the proceeding (e.g., a customer of the Cooperative, a stockholder of the Company, etc.).
3. A statement certifying that a copy of the motion to intervene has been mailed to the Cooperative or its counsel and to all parties of record in the case.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that all motions to intervene must be filed on or before February 23, 2005. The granting of intervention, among other things, entitles a party to present sworn evidence at the hearing and to cross-examine other witnesses. However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the application or from filing written comments in the record of the case. You will not receive any further notice of this proceeding unless you request it. If you wish to make written comments objecting to, or supporting this application. Mail them to:

I did cause to be printed and placed in the pages of Currents magazine the official Public Notice of Hearing on the Rate Applications of Arizona Electric Power Cooperative, Inc., docket number E-01773A-04-0528, and Southwest Transmission Cooperative, Inc., docket number E-04100A-04-0527.

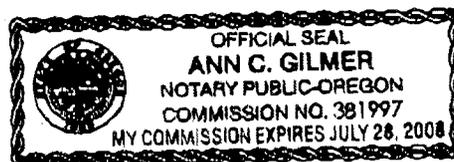

The notice appeared in the November 2004 issue of editions serving Anza Electric Cooperative, Duncan Valley Electric Cooperative, Electrical District No. 2 and Grand Canyon State Electric Cooperative Association (Arizona Statewide), and the January 2005 issue serving Sulphur Springs Valley Electric Cooperative. Properly addressed copies—per the provided current mailing lists—were dropped by United States mail at Portland, Oregon, on November 1, 2004, and on or about January 4, 2005.

This was accomplished in full accordance with the directions of, and using the materials provided by, the management of Arizona Electric Power Cooperative.

Trees for Trico

The forecast was for sunny skies and 75 degrees. What we got was cloudy skies, 60 degrees and the threat of rain. Good weather for trees.

Trico's tree pick-up day began at the crack of dawn on Saturday, November 6th. As the trees sat there waiting, volunteers were rushing around getting everything set up, employees were getting to their assigned spots and cars were lined up ready for the gates to open. We distributed close to 1500 trees to about 500 vehicles that morning.

Operation Cool Shade is just one of the many programs we offer at Trico. Trico members are eligible to purchase up to three trees each year. The trees chosen for the program are fast growing, drought resistant, and desert adapted varieties.

The Pima County U of A Extension Master Gardeners help sponsor our tree program by teaching tree care classes to the members who purchase trees. They also help pass out literature and answer questions on tree pick-up day.

To learn about next year's Operation Cool Shade, check out the June 2005 *Livewire* newsletter.

Charitable Trust Funds Storybook Breakfast at Roadrunner Elementary

CEO and General Manager Marv Athey and Joey Glowey, Trico's safety glowworm, greet families at Storybook Breakfast underwritten by the Trico Electric Charitable Trust. (See CEO's Comments, page 3)

Thanks to a gift from the Trico Charitable Trust, families at Roadrunner Elementary School enjoyed a good breakfast and some good stories.

The Storybook Breakfast, sponsored by the Marana Foundation for Educational Excellence, was an event that stressed the importance of parents and their children reading together. Each child received a free book and families had the opportunity to purchase others at affordable prices.

Trico's CEO and General Manager Marv Athey acted as the MC for the event and Joey Glowey, Trico's safety glowworm, gave out lots of hugs and free electric safety coloring books.

This is an example of how the Trico Charitable Trust puts Trico Members' Operation Round-Up dollars to work. We invite you to join the 6,800 Trico members who already participate in this program. Call us at 744-2944 or check the Round-Up box on your bill.

692500 Capital Credit Checks

The Capital Credit checks will go out the week of December 17. The total amount awarded for 2004 was \$452,753.09.

We have hidden three account numbers in this newsletter. Find yours and we will deduct \$10 from your electric bill. If one of the hidden numbers matches the account number that appears on your billing statement, you're a winner. Match your complete account number only. If your number is an exact match, call Jane Schmelzle at 744-2944, ext. 1303 for verification and we'll take care of the \$10 credit. Good luck!

My Perspective by Marv Athey Chief Executive Officer and General Manager

Have you ever been nearly squeezed to death by a bunch of energetic and neat kids?

Well that was where I found myself recently at the Roadrunner Elementary School as I took part in a storybook breakfast that was sponsored by the Marana Foundation for Educational Excellence and funded by Trico's Operation Roundup Program.

I must say, it was fun!

First, it was fun to see so many young families spending time together enjoying breakfast and then the parents watching their children enjoy the program.

It was fun when several of the parents stopped by to express their appreciation to Trico for funding the program.

It was fun when a young dad stopped and expressed his satisfaction with Trico and the fact that he knew that Trico was his cooperative.

It was fun when a young mom stopped and said she recognized me from my picture in the Livewire and said she read my comments each month.

And finally, it was fun to spend the time with my co-workers Barb and Coleen and the many Marana Foundation for Educational Excellence volunteers.

If you haven't yet signed up for Trico's Operation Roundup Program, why don't you consider doing so? It's as simple as checking the Operation Roundup Box on your Trico Electric bill or calling our office at 744-2944 and asking for one of our Member Account Representatives. They will get you signed up.

And after signing up, you will find that your next month's bill will be rounded to the next highest dollar and those few pennies will go into the Operation Roundup Fund helping your fellow Trico Members in need and your local schools and communities.

Last month almost 7,000 Trico Members took part in Operation Roundup and the donations are now amounting to **almost \$50,000 per year! Wow!**

These funds are administered by a Trico Member Volunteer Charitable Trust Board who are so passionate about their work they are "like a balloon ready to burst."

What better time to join with your fellow Trico Members helping Trico Members than this holiday season?

And from all of us who work to serve you, I wish you the best at this special time of the year and in 2005.

Connect & Protect

The holidays are a time for connecting with family and friends. It's just \$16.95 a month to connect with **TricoNet Internet Services**. So, make the connection today!

You can protect your computer and electronic equipment gifts with Trico's **Power Quality Protection Program**. For just \$5.95 a month and a reasonable start-up fee of \$49.95, Trico can provide a program that protects your computer from damage caused by power surges.

**PUBLIC NOTICE OF HEARING ON THE RATE APPLICATIONS OF
ARIZONA ELECTRIC POWER COOPERATIVE, INC.
DOCKET NO. E-01773A-04-0528
AND SOUTHWEST TRANSMISSION COOPERATIVE, INC.
DOCKET NO. E-04100A-04-0527**

On July 23, 2004, Arizona Electric Power Cooperative, Inc. ("AEPSCO") and Southwest Transmission Cooperative, Inc. ("SWTC") (collectively "Applicants") filed applications with the Arizona Corporation Commission for rate increases. AEPSCO's Application indicates it is requesting an approximate 10 percent increase in revenue. SWTC's Application indicates it is requesting an approximate 14 percent revenue increase. The actual percentage rate increase for individual customers will vary depending upon the type and quantity of service provided. The applications have been consolidated for purposes of a hearing. Copies of the applications and proposed tariffs are available at the Commission's offices for public inspection during regular business hours and at the Applicants' offices: 1000 S. Highway 80, Benson, Ariz. 85602.

The Commission will hold a hearing on this matter beginning April 14, 2005 at 10:00 a.m. at the Commission's offices, Room 222, 400 West Congress, Tucson, Arizona. Public comments will be taken on the first day of the hearing.

The law provides for an open public hearing at which, under appropriate circumstances, interested parties may intervene. Intervention shall be permitted to any person entitled by law to intervene and having a direct and substantial interest in the matter. Persons desiring to intervene must file a written motion to intervene with the Commission, which motion should be sent to the Cooperative or its counsel and to all parties of record, and which, at the minimum, shall contain the following:

1. The name, address, and telephone number of the proposed intervenor and of any party upon whom service of documents is to be made if different than the intervenor.
2. A short statement of the proposed intervenor's interest in the proceeding (e.g., a customer of the Cooperative, a stockholder of the Company, etc.).
3. A statement certifying that a copy of the motion to intervene has been mailed to the Cooperative or its counsel and to all parties of record in the case.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that all motions to intervene must be filed on or before February 23, 2005. The granting of intervention, among other things, entitles a party to present sworn evidence at the hearing and to cross-examine other witnesses. However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the application or from filing written comments in the record of the case. You will not receive any further notice of this proceeding unless you request it. If you wish to make written comments objecting to, or supporting this application, mail them to:

Trico Board Meeting Summary - October 2004

iVUE - Management made a presentation to the Board on the next generation of information technology software (iVUE) available from our cooperative provider, National Information Solutions Cooperative. iVUE will provide many enhancements over the present software and will add to the productivity of Trico's operation. After many questions and discussion, **the Board took action to approve a March 2005 conversion to iVUE.**

Rural Utilities Services (RUS) Loan - Attorney Russ Jones and Management Staff reported on the Arizona Corporation Commission's (ACC) approval of a \$57,992,000 loan to fund Trico's Four-year Construction Work Plan. **The Board passed a resolution approving the loan and proceeded with the signing of the appropriate documents.**

The Board then discussed in detail the capital credits rotation restriction that the ACC placed on Trico as part of the loan approval. The Board was very disappointed with the restriction since neither RUS nor Cooperative Finance Cooperation (CFC), Trico's mortgage holders, felt the restriction was necessary.

Power Cost Adjustment - Because of a recent reduction in wholesale power costs, the Board took action to reduce the present \$.002/kilowatt-hour (kWh) adjustment adder to \$.00/kWh effective with the September billing. This is the equivalent of a 2% rate decrease.

Sun Watts Program - Management discussed in detail the purchase of excess power stemming from Member-owned solar or other environmentally sensitive electric generating equipment. These types of systems cannot be counted on to provide electricity at all times (non-firm) and therefore the actual value to Trico is the cost it pays to its power supplier for non-firm energy or approximately \$.002/kWh.

For very small installations, many utilities across the nation have adopted a policy of paying for the extra energy at retail since history has shown that a minuscule amount of electricity is normally sold back to the utility and that the extra cost of specialized metering and billing processes to pay at the non-firm energy rate probably outweigh any savings.

After a great deal of consideration, **the Board took action to approve a net metering (purchase at retail rate) approach for small installations.**

Excess energy purchased from larger installations will be at the non-firm energy rate.

Miscellaneous/Routine - The Board discussed many other issues and took action on routine monthly items such as payment of capital credits to estates, electric service agreements, acceptance of financial report, etc.

DOCKET NO. E-17731-04-0528
AND SOUTHWEST TRANSMISSION
COOPERATIVE, INC.
DOCKET NO. E-04100A-04-0527

On July 23, 2004, Arizona Electric Power Cooperative, Inc. ("AEPCO") and Southwest Transmission Cooperative, Inc. ("SWTC") (collectively "Applicants") filed applications with the Arizona Corporation Commission for rate increases. AEPCO's Application indicates it is requesting an approximate 10 percent increase in revenue. SWTC's Application indicates it is requesting an approximate 14 percent revenue increase. The actual percentage rate increase for individual customers will vary depending upon the type and quantity of service provided. The applications have been consolidated for purposes of a hearing. Copies of the applications and proposed tariffs are available at the Commission's office for public inspection during regular business hours and at the Applicants' office: (Insert Addresses),

The Commission will hold a hearing on this matter beginning April 14, 2005 at 10:00 a.m. at the Commission's offices, Room 222, 400 West Congress, Tucson, Arizona. Public comments will be taken on the first day of the hearing.

The law provides for an open public hearing at which under appropriate circumstances, interested parties may intervene. Intervention shall be permitted to any person entitled by law to intervene and having a direct substantial interest in the matter. Persons desiring to intervene must file a written motion to intervene with the Commission, which motion should be sent to the Cooperative or its counsel and to all parties of record, and which, at the minimum, shall contain the following:

1. The name, address, and telephone number of the proposed intervenor and of any party upon whom service of documents is to be made if different than the intervenor.
2. A short statement of the proposed intervenor's interest in the proceeding (e.g., a customer of the Cooperative, a stockholder of the Company, etc.).
3. A statement certifying that a copy of the motion to intervene has been mailed to the Cooperative or its counsel and to all parties of record in the case.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that all motions to intervene must be filed on or before February 23, 2005. The granting of intervention, among other things, entitles a party to present sworn evidence at the hearing and to cross-examine other witnesses. However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the application or from filing written comments in the record of the cast.
