Re: GTE Communications Corporation: CC&N Applications

Dear David:

In response to your letter of January 18, 2000, I am enclosing a copy of a form reply from Patricia Heise DeBarros of GTE Communications Corporation ("GTECC"). For the record, GTECC has three pending applications for competitive telecommunications certificates of convenience and necessity ("CC&N"):

1. long-distance reseller (Docket No. T-03528A-96-0492);
2. alternative operator services (Docket No. T-03528A-97-0568); and,
3. local resale and local facilities-based (Docket No. T-03528A-97-0545).

GTECC intends to update all three applications as requested in your letter with new contact personnel and financial data. But as I indicated to Ms. Mercurio-Sandoval yesterday, it may take until the end of next week to accomplish this update. In the meantime, please consider me the appropriate contact person for any questions or if you need additional information.

As you can see from their docket numbers, all three of these CC&N matters have been pending before the Commission for a very long time. I trust your January 18th letter means action will soon be forthcoming on GTECC's applications. Again, please contact me with any questions.

Sincerely,

SNELL & WILMER LLP.
