After attending the public workshop on March 10 (which was no more than a propaganda display - why does anyone need a CCWC bookmark? Is that how the rate increase will be spent?), I was able to verify my assumptions stated in my March 3, 2005 letter to the ACC about CCWC's request for an increase in rates to pay for salaries and wages.

In Financials dated 12/31/2001 to 12/31/2003, salaries and wages had increased from \$660,000 to \$947,000 - over a 40% increase in a two year period. The line item for company vehicles had increased as much, if my memory serves me.

Again, I implore the Commission to carefully scrutinize the Rate Application of CCWC. If you grant them an increase, please make it an increase that will exemplify their slogan of

Stewardship and fairness. At this point, I am not believing they know the meaning of Step 4 either word. Maybe they think the words are synonymous with "Pure profit"??
