A. Walker Butte *et al.*, currently intends to call the following additional witness:

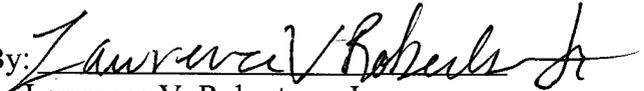

1. **Gary Rich.** Mr. Gary Rich has previously testified in Case No. 126 during the Area "A" phase as an expert witness upon behalf of Save Our Valley Association. During the Area "C" phase, Mr. Rich will provide testimony on behalf of Walker Butte et al. In his testimony, Mr. Rich will discuss the routing and design aspects of an EHV transmission line project, such as the one which is the subject of Case No. 126. Mr. Rich will also describe certain aspects and characteristics of the Joint Applicants' "Preferred" alignment in Area "C" which argue against selection of it as the alignment to be recommended by the Siting Committee and adopted by the Arizona Corporation Commission. In this regard, he will testify to the impacts on cost, maintenance, location, reliability and safety of the routing issues that have been identified during the Joint Applicants' panel presentation in relation to the "Preferred" route in Area C. These issues include radio stations, wells, gravel extraction, granite mining operations, transmission line crossings, railroad communication, water tanks, and similar issues. The only exhibit to be sponsored by Mr. Rich is Exhibit No. WB- 9D, a copy of which is attached. However, during his testimony, Mr. Rich may have occasion to refer to the testimony and exhibits of other Walker Butte et al. witnesses.

B. The following additional Exhibit will be offered by Walker Butte *et al.* during the Area "C" hearings.
