Ms. Dorothy Hains
Arizona Corporation Commission
Docket No. SW-02390A-05-0097

DOCKETED BY

Via Facsimile: (602) 542-0766

Dear Dorothy,

I appreciate the fact that there will be three out parcels within our certificated area, which will be segregated from the portion under consideration for deletion.

The deleted portion is being developed by D.R. Horton Company into a 350-lot subdivision with public streets as required by the City of Sierra Vista.

In the event sewer service is ever requested in the future, we will be able to service those parcels through utility easements reserved in the public streets.

I trust this information clarifies any questions or concerns you may have.

Thank you.

Sincerely,

Andrew Romo, President
Southland Sanitation
