DECISION #: 67514

Re: Arsenic Monitoring Test

To Whom It May Concern:

Oak Creek Public Service's Arsenic tests are done through ADEQ's MAP Program. Our Arsenic test is required every three (3) years. The last test occurred on 2/6/2003 with a result of .01 mg/l or 10 ppb, which meets the new Arsenic level. Our next test is scheduled for 2006. The MAP program is unable to give a specific date in 2006 as they have not yet contracted for these tests. If you have any further questions on this matter or to verify the accuracy of these statements you may contact Mike Hill at ADEQ's MAP program 602-771-4518 or Scott Steinhagen the MAP program coordinator at 602-771-4445.

Sincerely,

W.E. Jackson, Jr.  
Personal Representative for the Estate of  
Pauline K. Smith, nee Jackson
