In reference to the hearing on May 10,2005, I have spoken to Julie A. Coleman as to possibly handling this matter over the phone or by correspondance. I explained to her that I am jout of state and not in the best of health and is very difficult to get to Arizona. Julie said she would tell you and that she thought ther was a chance it could be handled that way.

I would appreciate any consideration in this matter. Once again as I stated in by original letter, I was assured in training by Mutual Benifits that the product involved was completely legal and above board and benifical to our clients, when we were told there might be some question I immediately stopped selling the product. I have never in all my years of business never knowingly committed any fraudulent practices.

I have since retired and am living on social security with some savings for health failures, a fine like you are talking would put a great hardship on us.

Please contact me on this matter, your consideration is appreciated,

cc. Julie Coleman

Sincerely

Ronald E. Pfingsten
