## BEFORE THE ARIZONA POWER PLANT AND TRANSMISSION LINE SITING COMMITTEE

Docket No. L-00000D-05-0128, Case No. 128

IN THE MATTER OF THE APPLICATION OF ARIZONA PUBLIC SERVICE COMPANY IN CONFORMANCE WITH THE REQUIREMENTS OF ARIZONA REVISED STATUTES SECTION 40-360, et seq., FOR A CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY AUTHORIZING THE PALO VERDE HUB TO TS-5 500KV TRANSMISSION PROJECT WHICH INCLUDES A 500KV TRANSMISSION LINE AND ASSOCIATED FACILITIES AND INTERCONNECTIONS ORIGINATING FROM EITHER THE PALO VERDE NUCLEAR GENERATING STATION SWITCHYARD, SECTION 34, TOWNSHIP 1 NORTH, RANGE 6 WEST, G&SRB&M, OR A NEW SWITCHYARD AT THE ARLINGTON VALLEY ENERGY FACILITY, SECTION 17, TOWNSHIP 1 SOUTH, RANGE 6 WEST, G&SRB&M, EACH LOCATED SOUTH OF INTERSTATE 10 NEAR WINTERSBURG ROAD IN AN UNINCORPORATED AREA OF MARICOPA COUNTY, ARIZONA, TO THE TS-5 SUBSTATION NEAR THE HASSAYAMPA PUMPING PLANT ALONG THE CENTRAL ARIZONA PROJECT CANAL, IN THE TOWN OF BUCKEYE, MARICOPA COUNTY, ARIZONA, AT SECTION 29, TOWNSHIP 4 NORTH, RANGE 4 WEST, G&SRB&M

### NOTICE OF HEARING

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the Application of Arizona Public Service Company ("APS") for a Certificate of Environmental Compatibility authorizing the Palo Verde Hub to TS-5 Substation 500KV Transmission Project ("Project") in Maricopa County, Arizona. The hearing will be held at the Hampton Inn and Suites, 2000 North Litchfield Road, Goodyear, Arizona 85338, beginning on June 6, 2005 at 9:30 a.m. and continuing on June 7, 2005, at 9:30 a.m. The hearings will adjourn at approximately 5:00 p.m. Additional hearing days, if necessary, will be noticed on the Project and Arizona Corporation Commission ("ACC") websites. The Project website is <http://siting.apsc.com>. The ACC website is [www.cc.state.az.us/utility/electric/linesiting-calendar.htm](http://www.cc.state.az.us/utility/electric/linesiting-calendar.htm).

Public comment will be taken at the beginning of each hearing day. Public comment also will be taken in a special evening session on June 6, 2005 beginning at 6:30 p.m. at the Hampton Inn and Suites, 2000 North Litchfield Road, Goodyear, Arizona 85338.

The Committee may conduct a tour of the Project area, proposed route and proposed alternative route on a future date. The map and itinerary for the tour will be available at the hearings and posted on the Project website. Members of the public may follow the Committee in their own private vehicles. During any tour, the Committee will not discuss or deliberate in any manner concerning the Application.

The Project consists of approximately 43 miles of 500KV transmission lines and two new switchyards: the Arlington Valley Energy Facility switchyard and the Harquahala Junction switchyard.

The Proposed Route originates at either the PVNGS Switchyard (Line Siting Case Nos: 22 and 24) located in Section 34, Township 1 North, Range 6 West or at a new switchyard at the Arlington Valley Energy Facility (Line Siting Case No: 98) located in Section 17, Township 1 South, Range 6 West. If the route originates at the PVNGS Switchyard, the Applicant requests a 1,000-foot corridor on the north side of the existing Palo Verde-Devers No. 1 500KV transmission line (Line Siting Case Nos: 34 and 48) right-of-way for this portion of the route (Link 10 as depicted on the attached map). If the route originates at a new switchyard at the Arlington Valley Energy Facility, the Applicant requests a 2,500-foot corridor west of the existing Harquahala-Hassayampa 500KV transmission line (Line Siting Case No: 96) right-of-way (Link 20). Both interconnection options proceed to a common point approximately ½ mile west of Wintersburg Road. From this location, the route proceeds west and then northwest, paralleling the existing Palo Verde-Devers No. 1 and Harquahala-Hassayampa 500KV transmission lines to the proposed Harquahala Junction Switchyard located in Section 25, Township 2 North, Range 8 West near 451st Avenue and the Thomas Road alignment (Link 30). For this portion of the route, the Applicant requests a 1,000-foot corridor on the north and east side of the existing Palo Verde-Devers No. 1 500KV transmission line right-of-way. Links 10 or 20 and Link 30 of the Proposed Route would be built in a later phase if the proposed Harquahala Junction Switchyard is built as part of the initial project construction. If the proposed Harquahala Junction Switchyard is not built as part of the initial project construction, Links 10 or 20 and Link 30 would be constructed as part of the initial construction.

From the proposed Harquahala Junction Switchyard, the route proceeds generally north across I-10 and the Central Arizona Project ("CAP") Canal parallel to the Palo Verde-Devers No. 1 500KV transmission line (Link 50). The Applicant requests a 1,000 foot corridor on the east side of the existing transmission line right-of-way for this portion of the Proposed Route. At this point, the route turns easterly and would be located on the north side of the CAP Canal (Links 60, 80, 90 and 100) near the foothills of the Belmont Mountains to a point approximately ½ mile west of Wickenburg Road. The Applicant requests a 2,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal for this portion of the Proposed Route. At this point, the Proposed Route continues in

an easterly direction and crosses Wickenburg Road approximately ½ mile north of the CAP Canal to a point approximately 1 mile east of Wickenburg Road (Link 110). A 3,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal is requested for this portion of the Proposed Route. From this point, the route turns northeast and crosses two existing 230KV and one existing 345KV transmission lines as well as the Hassayampa River before paralleling the north and west sides of the CAP Canal until it crosses the CAP into the TS-5 Substation (Line Siting Case No: 127) located in Section 29, Township 4 North, Range 4 West (Links 120 and 130). The Applicant requests a 2,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal for this portion of the Proposed Route and a corridor on the south side of the CAP Canal adjacent to the TS-5 substation sufficient to interconnect with the TS-5 substation.

The Application also sets forth a Proposed Alternative Route. The Proposed Alternate Route shares the same alignment as the Proposed Route previously described, with the exception of an approximately 9-mile segment immediately east of the Palo Verde-Devers No. 1 500KV transmission line and north of the CAP Canal (Link 70). In this area, the Proposed Alternate Route would be located approximately ½ mile north of the CAP Canal. The Applicant requests a 2,000-foot corridor extending south from the northern edge of the Bureau of Land Management ("BLM") designated utility corridor (located approximately ½ mile north of the chain-link fence located on the north side of the CAP Canal). All other segments of the Proposed Alternate Route would be similar to the Proposed Route.

A general location map of the Project study area, Applicant's Proposed Route and Proposed Alternative Route containing references to the Links described above is set forth below.

More complete maps, along with more detailed textual descriptions of the proposed and alternative alignments are available in the Application itself and on the Project website. The Application, including detailed maps of the proposed Project, is on file with the Docket Control Center of the Arizona Corporation Commission, 1200 West Washington Street, Suite 108, Phoenix, Arizona 85007. Copies of the Application also are available for inspection at the following locations:

- Maricopa County Library District, Northwest Regional Library, 16089 N. Bullard Ave., Surprise
- Buckeye Public Library, 310 North 6th Street, Buckeye

Depending on the issues raised and the number of intervenors appearing during the hearing, the Committee may deem it appropriate at some point to recess the hearing to a time and place to be announced during the hearing, or to be determined after the recess. These dates and places will be posted on the Project and ACC websites. At the discretion of the Committee, such resumed hearing may be held at a date, time and place designated by the Committee or its Chairman.

### NOTE: NOTICE OF SUCH RESUMED HEARING WILL BE GIVEN. PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT REQUIRED.

Each county and municipal government and state agency interested in the proposed Project and desiring to become a party to the proceeding, shall, not less than ten (10) days before the date set for hearing, file with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona, 85007, a notice of its intent to be a party.

Any domestic, non-profit corporation or association, formed in whole or in part to promote conservation of natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote consumer interests, to represent commercial and industrial groups or to promote the orderly development of the area in which the Project is to be located and desiring to become a party to the certification proceeding, shall, not less than ten (10) days before the date set for hearing, file with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona, 85007, a notice of its intent to be a party.

The Committee or its Chairman, at any time deemed appropriate, may make other persons parties to the proceedings.

Any person may make a limited appearance at the hearing by filing a statement in writing with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona 85007, not less than five (5) days before the date set for hearing. A person making a limited appearance shall not be a party or have the right to present testimony or cross-examine witnesses.

This proceeding is governed by Arizona Revised Statutes Sections 40-360 to 40-360.13 and Arizona Administrative Code Rules R14-3-201 to R14-3-219. The written decision of the Committee shall be submitted to the Arizona Corporation Commission pursuant to Arizona Revised Statutes Section 40-360.07. Any person intending to be a party before the Arizona Corporation Commission must be a party to the certification proceedings before the Committee.

ORDERED this 3rd day of May, 2005.

## BEFORE THE ARIZONA POWER PLANT AND TRANSMISSION LINE SITING COMMITTEE

Docket No. L-00000D-05-0128, Case No. 128

IN THE MATTER OF THE APPLICATION OF ARIZONA PUBLIC SERVICE COMPANY IN CONFORMANCE WITH THE REQUIREMENTS OF ARIZONA REVISED STATUTES SECTION 40-860, et seq. FOR A CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY AUTHORIZING THE PALO VERDE HUB TO TS-5 500KV TRANSMISSION PROJECT WHICH INCLUDES A 500KV TRANSMISSION LINE AND ASSOCIATED FACILITIES AND INTERCONNECTIONS ORIGINATING FROM EITHER THE PALO VERDE NUCLEAR GENERATING STATION SWITCHYARD, SECTION 34, TOWNSHIP 1 NORTH, RANGE 6 WEST, G&SRB&M, OR A NEW SWITCHYARD AT THE ARLINGTON VALLEY ENERGY FACILITY, SECTION 17, TOWNSHIP 1 SOUTH, RANGE 6 WEST, G&SRB&M, EACH LOCATED SOUTH OF INTERSTATE 10 NEAR WINTERSBURG ROAD IN AN UNINCORPORATED AREA OF MARICOPA COUNTY, ARIZONA, TO THE TS-5 SUBSTATION NEAR THE HASSAYAMPA PUMPING PLANT ALONG THE CENTRAL ARIZONA PROJECT CANAL, IN THE TOWN OF BUCKEYE, MARICOPA COUNTY, ARIZONA, AT SECTION 29, TOWNSHIP 4 NORTH, RANGE 4 WEST, G&SRB&M

### NOTICE OF HEARING

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the Application of Arizona Public Service Company ("APS") for a Certificate of Environmental Compatibility authorizing the Palo Verde Hub to TS-5 Substation 500KV Transmission Project ("Project") in Maricopa County, Arizona. The hearing will be held at the Hampton Inn and Suites, 2000 North Litchfield Road, Goodyear, Arizona 85338, beginning on June 6, 2005 at 9:30 a.m. and continuing on June 7, 2005, at 9:30 a.m. The hearings will adjourn at approximately 5:00 p.m. Additional hearing days, if necessary, will be noticed on the Project and Arizona Corporation Commission ("ACC") websites. The Project website is <http://siting.aps.com>. The ACC website is [www.cc.state.az.us/utility/electric/linesting-calendar.htm](http://www.cc.state.az.us/utility/electric/linesting-calendar.htm).

Public comment will be taken at the beginning of each hearing day. Public comment also will be taken in a special evening session on June 6, 2005 beginning at 6:30 p.m. at the Hampton Inn and Suites, 2000 North Litchfield Road, Goodyear, Arizona 85338.

The Committee may conduct a tour of the Project area, proposed route and proposed alternative route on a future date. The map and itinerary for the tour will be available at the hearings and posted on the Project website. Members of the public may follow the Committee in their own private vehicles. During any tour, the Committee will not discuss or deliberate in any manner concerning the Application.

The Project consists of approximately 43 miles of 500KV transmission lines and two new switchyards: the Arlington Valley Energy Facility switchyard and the Harquahala Junction switchyard.

The Proposed Route originates at either the PVNGS Switchyard (Line Siting Case Nos: 22 and 24) located in Section 34, Township 1 North, Range 6 West or at a new switchyard at the Arlington Valley Energy Facility (Line Siting Case No: 98) located in Section 17, Township 1 South, Range 6 West. If the route originates at the PVNGS Switchyard, the Applicant requests a 1,000-foot corridor on the north side of the existing Palo Verde-Devers No. 1 500KV transmission line (Line Siting Case Nos: 34 and 48) right-of-way for this portion of the route (Link 10 as depicted on the attached map). If the route originates at a new switchyard at the Arlington Valley Energy Facility, the Applicant requests a 2,500-foot corridor west of the existing Harquahala-Hassayampa 500KV transmission line (Line Siting Case No: 96) right-of-way (Link 20). Both interconnection options proceed to a common point approximately 1/4 mile west of Wintersburg Road. From this location, the route proceeds west and then northwest, paralleling the existing Palo Verde-Devers No. 1 and Harquahala-Hassayampa 500KV transmission lines to the proposed Harquahala Junction Switchyard located in Section 25, Township 2 North, Range 8 West near 451st Avenue and the Thomas Road alignment (Link 30). For this portion of the route, the Applicant requests a 1,000-foot corridor on the north and east side of the existing Palo Verde-Devers No. 1 500KV transmission line right-of-way, Links 10 or 20 and Link 30 of the Proposed Route would be built in a later phase if the proposed Harquahala Junction Switchyard is built as part of the initial project construction. If the proposed Harquahala Junction Switchyard is not built as part of the initial project construction, Links 10 or 20 and Link 30 would be constructed as part of the initial construction.

From the proposed Harquahala Junction Switchyard, the route proceeds generally north across I-10 and the Central Arizona Project ("CAP") Canal parallel to the Palo Verde-Devers No. 1 500KV transmission line (Link 50). The Applicant requests a 1,000 foot corridor on the east side of the existing transmission line right-of-way for this portion of the Proposed Route. At this point, the route turns easterly and would be located on the north side of the CAP Canal (Links 60, 80, 90 and 100) near the foothills of the Belmont Mountains to a point approximately 1/4 mile west of Wickenburg Road. The Applicant requests a 2,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal for this portion of the Proposed Route. At this point, the Proposed Route continues in an easterly direction and crosses Wickenburg Road approximately 1/4 mile north of the CAP Canal to a point approximately 1 mile east of Wickenburg Road (Link 110). A 3,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal is requested for this portion of the Proposed Route. From this point, the route turns northeast and crosses two existing 230KV and one existing 345KV transmission lines as well as the Hassayampa River before paralleling the north and west sides of the CAP Canal until it crosses the CAP into the TS-5 Substation (Line Siting Case No: 127) located in Section 29, Township 4 North, Range 4 West (Links 120 and 130). The Applicant requests a 2,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal for this portion of the Proposed Route and a corridor on the

south side of the CAP Canal adjacent to the TS-5 substation sufficient to interconnect with the TS-5 substation.

The Application also sets forth a Proposed Alternative Route. The Proposed Alternate Route shares the same alignment as the Proposed Route previously described, with the exception of an approximately 9-mile segment immediately east of the Palo Verde-Devers No. 1 500KV transmission line and north of the CAP Canal (Link 70). In this area, the Proposed Alternate Route would be located approximately 1/4 mile north of the CAP Canal. The Applicant requests a 2,000-foot corridor extending south from the northern edge of the Bureau of Land Management ("BLM") designated utility corridor (located approximately 1/4 mile north of the chain-link fence located on the north side of the CAP Canal). All other segments of the Proposed Alternate Route would be similar to the Proposed Route.

A general location map of the Project study area, Applicant's Proposed Route and Proposed Alternative Route containing references to the Links described above is set forth below.

More complete maps, along with more detailed textual descriptions of the proposed and alternative alignments are available in the Application itself and on the Project website. The Application, including detailed maps of the proposed Project, is on file with the Docket Control Center of the Arizona Corporation Commission, 1200 West Washington Street, Suite 108, Phoenix, Arizona 85007. Copies of the Application also are available for inspection at the following locations:

- Maricopa County Library District, Northwest Regional Library, 16089 N. Bullard Ave., Surprise
- Buckeye Public Library, 310 North 6th Street, Buckeye

Depending on the issues raised and the number of intervenors appearing during the hearing, the Committee may deem it appropriate at some point to recess the hearing to a time and place to be announced during the hearing, or to be determined after the recess. These dates and places will be posted on the Project and ACC websites. At the discretion of the Committee, such resumed hearing may be held at a date, time and place designated by the Committee or its Chairman.

**NOTE: NOTICE OF SUCH RESUMED HEARING WILL BE GIVEN. PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT REQUIRED.**

Each county and municipal government and state agency interested in the proposed Project and desiring to become a party to the proceeding, shall, not less than ten (10) days before the date set for hearing, file with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona, 85007, a notice of its intent to be a party.

Any domestic, non-profit corporation or association, formed in whole or in part to promote conservation of natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote consumer interests, to represent commercial and industrial groups or to promote the orderly development of the area in which the Project is to be located and desiring to become a party to the certification proceeding, shall, not less than ten (10) days before the date set for hearing, file with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona 85007, a notice of its intent to be a party.

The Committee or its Chairman, at any time deemed appropriate, may make other persons parties to the proceedings.

Any person may make a limited appearance at the hearing by filing a statement in writing with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona 85007, not less than five (5) days before the date set for hearing. Docket No. L-00000D-05-0128, Case No. 128

IN THE MATTER OF THE APPLICATION OF ARIZONA PUBLIC SERVICE COMPANY IN CONFORMANCE WITH THE REQUIREMENTS OF ARIZONA REVISED STATUTES SECTION 40-360, et seq. FOR A CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY AUTHORIZING THE PALO VERDE HUB TO TS-5 500KV TRANSMISSION PROJECT WHICH INCLUDES A 500KV TRANSMISSION LINE AND ASSOCIATED FACILITIES AND INTERCONNECTIONS ORIGINATING FROM EITHER THE PALO VERDE NUCLEAR GENERATING STATION SWITCHYARD, SECTION 34, TOWNSHIP 1 NORTH, RANGE 6 WEST, G&SRB&M, OR A NEW SWITCHYARD AT THE ARLINGTON VALLEY ENERGY FACILITY, SECTION 17, TOWNSHIP 1 SOUTH, RANGE 6 WEST, G&SRB&M, EACH LOCATED SOUTH OF INTERSTATE 10 NEAR WINTERSBURG ROAD IN AN UNINCORPORATED AREA OF MARICOPA COUNTY, ARIZONA, TO THE TS-5 SUBSTATION NEAR THE HASSAYAMPA PUMPING PLANT ALONG THE CENTRAL ARIZONA PROJECT CANAL, IN THE TOWN OF BUCKEYE, MARICOPA COUNTY, ARIZONA, AT SECTION 29, TOWNSHIP 4 NORTH, RANGE 4 WEST, G&SRB&M

**NOTICE OF HEARING**

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the Application of Arizona Public Service Company ("APS") for a Certificate of Environmental Compatibility authorizing the Palo Verde Hub to TS-5 Substation 500KV Transmission Project ("Project") in Maricopa County, Arizona. The hearing will be held at the Hampton Inn and Suites, 2000 North Litchfield Road, Goodyear, Arizona 85338, beginning on June 6, 2005 at 9:30 a.m. and continuing on June 7, 2005, at 9:30 a.m. The hearings will adjourn at approximately 5:00 p.m. Additional hearing days, if necessary, will be noticed on the Project and Arizona Corporation Commission ("ACC") websites. The Project website is <http://siting.aps.com>. The ACC website is [www.cc.state.az.us/utility/electric/linesting-calendar.htm](http://www.cc.state.az.us/utility/electric/linesting-calendar.htm).

Public comment will be taken at the beginning of each hearing day. Public comment also will be taken in a special evening session on June 6, 2005 beginning at 6:30 p.m. at the Hampton Inn and Suites, 2000 North Litchfield Road, Goodyear, Arizona 85338.

The Committee may conduct a tour of the Project area, proposed route and proposed alternative route on a future date. The map and itinerary for the tour will be available at the hearings and posted on the Project website. Members of the public may follow the Committee in their own private vehicles. During any tour, the Committee will not discuss or deliberate in any manner concerning the Application.

The Project consists of approximately 43 miles of 500KV transmission lines and two new switchyards: the Arlington Valley Energy Facility switchyard and the Harquahala Junction switchyard.

The Proposed Route originates at either the PVNGS Switchyard (Line Siting Case No: 22 and 24) located in Section 34, Township 1 North, Range 6 West or at a new switchyard at the Arlington Valley Energy Facility (Line Siting Case No: 98) located in Section 17, Township 1 South, Range 6 West. If the route originates at the PVNGS Switchyard, the Applicant requests a 1,000-foot corridor on the north side of the existing Palo Verde-Devers No. 1 500KV transmission line (Line Siting Case Nos: 34 and 48) right-of-way for this portion of the route (Link 10 as depicted on the attached map). If the route originates at a new switchyard at the Arlington Valley Energy Facility, the Applicant requests a 2,500-foot corridor west of the existing Harquahala-Hassayampa 500KV transmission line (Line Siting Case No: 96) right-of-way (Link 20). Both interconnection options proceed to a common point approximately 1/2 mile west of Wintersburg Road. From this location, the route proceeds west and then northwest, paralleling the existing Palo Verde-Devers No. 1 and Harquahala-Hassayampa 500KV transmission lines to the proposed Harquahala Junction Switchyard located in Section 25, Township 2 North, Range 8 West near 451st Avenue and the Thomas Road alignment (Link 30). For this portion of the route, the Applicant requests a 1,000-foot corridor on the north and east side of the existing Palo Verde-Devers No. 1 500KV transmission line right-of-way. Links 10 or 20 and Link 30 of the Proposed Route would be built in a later phase if the proposed Harquahala Junction Switchyard is not built as part of the initial project construction. If the proposed Harquahala Junction Switchyard is not built as part of the initial project construction, Links 10 or 20 and Link 30 would be constructed as part of the initial construction.

From the proposed Harquahala Junction Switchyard, the route proceeds generally north across I-10 and the Central Arizona Project ("CAP") Canal parallel to the Palo Verde-Devers No. 1 500KV transmission line (Link 50). The Applicant requests a 1,000 foot corridor on the east side of the existing transmission line right-of-way for this portion of the Proposed Route. At this point, the route turns easterly and would be located on the north side of the CAP Canal (Links 60, 80, 90 and 100) near the foothills of the Belmont Mountains to a point approximately 1/2 mile west of Wickenburg Road. The Applicant requests a 2,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal for this portion of the Proposed Route. At this point, the Proposed Route continues in an easterly direction and crosses Wickenburg Road approximately 1/2 mile north of the CAP Canal to a point approximately 1 mile east of Wickenburg Road (Link 110). A 3,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal is requested for this portion of the Proposed Route. From this point, the route turns northeast and crosses two existing 230KV and one existing 345KV transmission lines as well as the Hassayampa River before paralleling the north and west sides of the CAP Canal until it crosses the CAP into the TS-5 Substation (Line Siting Case No: 127), located in Section 29, Township 4 North, Range 4 West (Links 120 and 130). The Applicant requests a 2,000-foot corridor on the north side of the chain-link fence located on the north side of the CAP Canal for this portion of the Proposed Route and a corridor on the

south side of the CAP Canal adjacent to the TS-5 substation sufficient to interconnect with the TS-5 substation.

The Application also sets forth a Proposed Alternative Route. The Proposed Alternate Route shares the same alignment as the Proposed Route previously described, with the exception of an approximately 9-mile segment immediately east of the Palo Verde-Devers No. 1 500KV transmission line and north of the CAP Canal (Link 70). In this area, the Proposed Alternate Route would be located approximately 1/4 mile north of the CAP Canal. The Applicant requests a 2,000-foot corridor extending south from the northern edge of the Bureau of Land Management ("BLM") designated utility corridor (located approximately 1/4 mile north of the chain-link fence located on the north side of the CAP Canal). All other segments of the Proposed Alternate Route would be similar to the Proposed Route.

A general location map of the Project study area, Applicant's Proposed Route and Proposed Alternative Route containing references to the Links described above is set forth below.

More complete maps, along with more detailed textual descriptions of the proposed and alternative alignments are available in the Application itself and on the Project website. The Application, including detailed maps of the proposed Project, is on file with the Docket Control Center of the Arizona Corporation Commission, 1200 West Washington Street, Suite 108, Phoenix, Arizona 85007. Copies of the Application also are available for inspection at the following locations:

- Maricopa County Library District, Northwest Regional Library, 16089 N. Bullard Ave., Surprise
- Buckeye Public Library, 310 North 6th Street, Buckeye

Depending on the issues raised and the number of intervenors appearing during the hearing, the Committee may deem it appropriate at some point to recess the hearing to a time and place to be announced during the hearing, or to be determined after the recess. These dates and places will be posted on the Project and ACC websites. At the discretion of the Committee, such resumed hearing may be held at a date, time and place designated by the Committee or its Chairman.

**NOTE: NOTICE OF SUCH RESUMED HEARING WILL BE GIVEN. PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT REQUIRED.**

Each county and municipal government and state agency interested in the proposed Project and desiring to become a party to the proceeding, shall, not less than ten (10) days before the date set for hearing, file with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona, 85007, a notice of its intent to be a party.

Any domestic, non-profit corporation or association, formed in whole or in part to promote conservation of natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote consumer interests, to represent commercial and industrial groups or to promote the orderly development of the area in which the Project is to be located and desiring to become a party to the certification proceeding, shall, not less than ten (10) days before the date set for hearing, file with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona 85007, a notice of its intent to be a party.

The Committee or its Chairman, at any time deemed appropriate, may make other persons parties to the proceedings.

Any person may make a limited appearance at the hearing by filing a statement in writing with the Director of Utilities, Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona 85007, not less than five (5) days before the date set for hearing. A person making a limited appearance shall not be a party or have the right to present testimony or cross-examine witnesses.

This proceeding is governed by Arizona Revised Statutes Sections 40-360 to 40-360.13 and Arizona Administrative Code Rules R14-3-201 to R14-3-219. The written decision of the Committee shall be submitted to the Arizona Corporation Commission pursuant to Arizona Revised Statutes Section 40-360.07. Any person intending to be a party before the Arizona Corporation Commission must be a party to the certification proceedings before the Committee.

ORDERED this 3rd day of May, 2005.

/s/ Laurie A. Woodall  
Assistant Attorney General  
Chairman, Arizona Power Plant and  
Transmission Line Siting Committee
