I am writing in disagreement with the proposed electric increases and surcharges here in Cochise County. I am the Regional Manager for 5 Gas City LTD properties and Holiday Inn Express, Benson, AZ. This would be a tremendous increase to the operation costs for all our facilities.

Business owners will have to obviously increase there products prices to make up for these extra expenditures. We know that APECO is building a new facility as the current one is sinking into the ground. Is this increase due to the fact they have to build a new facility? If so it is not fair to put this burden on the residents and business owners in the area.

My hope is that this increase is not accepted by the Commission. It is definitely too much for some to handle.

Sincerely,

Martha Bersano
Regional Manager for
Gas City Properties
