The Honorable William A. Mundell
Chairman, Arizona Corporation Commission
1200 West Washington Street
Phoenix, Arizona 85007

*Re: 271 Compliance Proceeding
Docket No. T-00000A-97-0238*

Dear Chairman Mundell:

On October 23, 2001, the Commission approved an amendment to the Cox Arizona Telcom/Qwest Arizona interconnection agreement ("Amendment"). The Amendment addressed several issues regarding local number portability. With the approval of the Amendment, Cox and Qwest have resolved the issues Cox raised in the Arizona 271 docket regarding local number portability (Checklist Item 11) and premature disconnection of transferred customers. This resolution is based on the understanding that Qwest will continue to implement and will perform the provisions set forth in the Amendment.

Sincerely,

Michael W. Patten
