Pursuant to A.A.C. R14-2-411(C)(3), Staff may terminate an application if the applicant does not remedy all deficiencies within 60 calendar days of the notice of deficiency.

To correct the deficiencies, please provide the following information

2. Does the developer plan to serve more than the two residences that are indicated in your application? If so, provide the number of residences at build out and submit the information required in the CC&N extension application for that number of customers.
3. According to the Company’s Annual Reports for 2001 to 2004, the applicant does not own or operate a well. In this application, the applicant shows that a production well is in the system. The applicant should provide a copy of ADEQ’s approval of the well, storage tank and pressure tank.
